HOME CHORES need not be a worry for senior citizens in Westland. A special project fundedfrom a grant by the Area Agency on Aging, the program is operated through the municipal service bureau with the department on aging. Two part-time employees are available to perform non-continuous tasks such as snow removal, window washing and light maintenance.

Top priority will be given to those seniors in poor physical health and having financial hardship. Donations will be accepted from those without a financial hardship. Call 722-7632 for the service.

City's water, sewer rates to rise

By Sandra Armbruster

Westland residents will probably begin paying higher water and sewer rates sometime in 1983. That's the word from Arthur Wiltala, from the city's department of public service, after learning that the Detroit Water and Sewer Department would raise rates throughout the metropolitan area.

The impending water rate increase of nearly four cents for every 1,000 gallons will be "hard to fight," according to Wiitala.

"They (Detroit) went through a lot of detail on how the charges were calculated," Wiltala explained. "It depends on the elevation of pumping stations and storage capacity,

"The rate seems quite logical. It's not as drastic as in some communities."

PROPOSED RATE increases range in Wayne County from an increase of 37.8 percent in Woodhaven to a decrease of 19 percent in Huron Township. The new rates must first be approved by the water board and the De-

troit City Council. A hearing on the proposed increase is scheduled for 9:30 a.m. Jan. 6 in the Detroit Water Board Building.

Wiltala said that Westland presently pays 42.25 cents for every 1,000 gallons of water that reaches master meters on the city's boundaries.

Residents, however, are charged 80 cents for every 1,000 gallons they use.

Wiitala said that the charge of nearly double the cost to the city is due to water lost in transmission and distribution, cost of employees in the city's water department and the need to maintain the system.

From 15 to 20 percent of the water Westland receives is lost in transmission and distribution, according to Wii-

While Wiitala is unsure how much rates charged residents will increase, he said he is sure there will be a recommendation from his department for an increase in both water and sewer rates. The increase may amount to roughly 10 percent, he said.

"The increase (in sewer rates) is considerable to Westland. We'll be charged \$200,000 more for excess sewer flow," he said.

WHAT THAT amounts to is a lot of storm water seeping into the sewer systems. Wiltala said that only a small part of Westland's sewage is funneled into big interceptors also used by Redford Township and Detroit.

But the age of Westland's water and sewer systems are part of the problem, Wiitala said.

"Our system is 25 years and older. There's a lot of infiltration where the pipes separate," Wiitala said. "We haven't had the money to repair the sewer system like we should. It becomes more of a problem each year." Wiitala said that the city will have to look at the rate it charges to see if

money can be generated for system im-Wiitala said the federal government funded 80 percent of the cost of a study analysing the problem with the excess

sewage flow, but the grant didn't fund any correction of the problem. Another "slight problem" facing Westland, according to Wiltala, is its sewage disposal through the city of Inkster which is exceeding Westland's contract with Inkster. He said that engineering studies have been done to

revise the overflows to decrease the

excess and its cost.

Lucas to fight lockout

By Gary M. Cates staff writer

County Executive William Lucas is expected to fight the recent firing of a Wayne County Road Commission employee who refused to join a management union.

Thomas Fidge, 52, of Plymouth Township was fired Thursday after he refused to join a union designed to protect the jobs of top-level road commission personnel and their aides.

The three-member road commission board fired Fidge at the request of the union, according to Lou Sugo, a road commission spokesman and union

illegitimate?" Johnson said.

Fidge, who couldn't be reached for ministration for real estate acquisition, comment, has until Jan. 19 to join the union or authorize union deductions from his paycheck. "He has a several-week period to

DENTAL DISEASE NOT INHERITED

We can break the chain of tooth decay. Today, dental disease is totally preventable. Bad teeth don't "run in the family." There is just no hereditary excuse for cavities and crooked teeth. What we do pass down from generation to generation are eating habits, muscular patterns, attitudes toward oral cleanliness, etc.

If grandmother had a history of dental problems, maybe it was because she nor her parents knew how to take care of her teeth. If grandfather wore dentures, it may be because he lived at a time when teeth were extracted to "cure" all kinds of ailments from rheumatism to poor eyesight. But your own child has been born in an age of prevention. If he or she has eight cavities by age five, it will be because somebody has falled to do something.

Today's preventive dental knowledge calls for a three-way effort to break the chain of decay through new approaches to diet, oral hygiene, and strengthening the resistance ofteeth to decay. It will take time, caring and effort, but we can defeat dental decay in children if we really work at it.

NOTICE OF A PUBLIC MEETING TO INSTITUTE A SUMMER PROPERTY TAX LEVY

A public meeting of the Board of Education of the Livonia Public Schools School District will be held:

Time: 8:00 p.m.

Date: Monday, January 17, 1983 Place: Livonia Board of Education Building 15125 Farmington Road

Livonia, Michigan 48154 The purpose of the meeting will be to determine

whether to impose a summer property tax levy on the taxable property in the Livonia Public Schools School District in order to receive school property taxes earlier during the school fiscal year and reduce or avoid interest costs on monies borrowed to operate the Livonia Public Schools School District. Under the applicable law of the State of Michigan collection may be either 1/2 or the total of the property tax levy for the school year to be due July 1 with the remainder of the taxes, if any, due December 1. The resolution may be applicable until revoked or for levies in any year specified in the resolution. At present the Livonia Public Schools School District is collecting summer taxes in the portion of the District located in the City of Livonia under an agreement with that city. This meeting will address the question of extending summer taxes to that portion of the District located in the City of Westland.

Sylvia Skrel, Newburgh Road was again open to the public after repairs on the bridge. The year saw a lot of political change in the city: Pickering began his first year in office, and Barns beat out Skrel in a bid for a new state House district. But on the other side of the fence from Westworld, the former Hawthorne Valley golf course, residents objected to plans for an amusement park. Westworld eventually filed for reorganization under Chapter 11 of the federal bankruptcy rules.

Also includeed are classes co-sponsored with the Professional Assoicates in Childbirth Education.

Children and youth classes cover a variety of subjects. Dance classes ranging from ballet to jazz are offered throughout the district. Acrobatics, volleyball, gymnastics and pom pon and basketball clinics are available.

High-school students will be able to take ACT test preparation programs held at Bentley High School this winter. A new course titled micro multiplication will give elementary youth in grades 4-6, who are having difficulty with multiplication facts, a chance to practice using Apple computers.

Destinations for family field trip programs in-

clude excursions to the Meadowbrook, Attic, Hilberry and Birmingham theaters as well as trips to Ford Auditorium, Music Hall, and the Edsel and Eleanor Ford House. It is suggested that selections should be made early to avoid disappointment.

Mini sessions ususally meet only once or twice

Mini-sessions ususally meet only once or twice and revolve around topics covering a wide range of interests. Subjects such as pastries for that spelcal party, zipper buttonhole clinics, all about cruises and a wide variety of craft classes are presented in this format.

One of the biggest problems in offering a wide array of classes during the winter, according to Derwich, is the unpredictability of the weather. To help notify residents of last minute cancellations, new classes or the rescheduling of community education activities, the Livonia Public Schools' Information Holline (422-3330) will be used for the first time. Residents who call and get no answer or a busy signal are encouraged to keep trying. It means the tape is in use.

Registration for all programs is by mail. Citizens, 62 years of age or older and Livonia residents, may register for most classes free of charge and are placed in available class openings. However, materials for everyone are extra. In addition to the program booklet mailed to homes in December, extra copies will be available at Livonia libraries, neighborhood schools, and Livonia branches of the Michigan National Bank. Call 422-1200, ext. 334, 338, or 326 for further information.

Hope lies with our youth

The following speech was delivered by firstplace winner Steve Whitehead of John Glenn High School in the Voice of Democracy contest sponsored by the Westland VFW Post Auxili-

WISH TO preach not the doctrime of ignoble ease, but the doctrine of the strenuous-life." That was a quotation by Theodore Roosevelt. America needed strength then, and America needs strength now. And the strength of America for today is its youth.

The youth of today have much to thank their parents and grandparents for. Past generations have experienced many of the hardships of life, such as the great Depression, grinding poverty and several wars. Out of these trials and tribulations have come many things for which we may never be able to герау.

Today we have a nation free of the ravages of dread diseases such as small pox, TB, polio, measelsand mumps. These are diseases which this generation need not fear, ever. Our parents and grandparents succeeded in controlling them.

SIMILAR TO such accomplishments by past generations, this generation also has the capacity for goodness, the capacity for achievements some of which our parents and grandparents only dreamed of. They are now passing those dreams on to us, like one runner passing the baton to another.

Thanks to the legacy of achievement of past generations, we have available to us more technology and far more career opportunities than any other generation in the history of this great nation.

In the next 20 to 30 years, we, the youth of today, ___ will be the body of America. We will be the feet which will keep America moving. We will be the hands which will keep America working. We will be the mind of the greatest nation in the history of the

We will be America.

IT IS TRADITIONAL with older people to free quently criticize a younger generation. Of course we've had our problems. But remember, your generation was once a younger generation. You have been likewise criticized and so too were your father and your father's father. Much of the same criti-

cism was said about you that you now say about us. If the picture was half as bleak as many older people paint it, today's youth should have despiared

of accomplishing anything long ago. But we haven't. We haven't because we know that some of the criticism is loving concern. We are aware and are thankful that many of you have encouraged us. We know that you still secretly have faith in us.

We will not betray that faith. We will follow in your footsteps of greatness because it is our destiny. Your generations have given us the baton of accomplishment, a heritage of success, a heritage that we will add to and greatly enrich before we pass it on to our children.

WHO KNOWS? Maybe five or 10 years from now as today's youth travel down the road to the American dream, some young person will be working in a lab and discover the cure for cancer, leukemina or maybe even the ever-present common cold. Perhaps that person will discover how to safely harnessnuclear energy into a safe and productive fuel.

We don't know what discoveries will be made in the next 20-30 years, but I am confident many will be made by this generation. We have the capacity for great achievement, thanks to the freedoms we enjoy in our country.

We have those opportunities, and we mean to take the bull by the horns and conquer those challenges. ... We can do anything we set our minds to, but to do our very best, we must have support, support that you and your generation can give.

We are the youth of America. We are proud, and we are great.

TV contests hide reality

I'VE FINALLY figured out why this country is unable to deal with its economic woes.

Forget the traditional excuses - Reaganomics, Keynesian big spenders, excessive taxes, too few taxes, too many social programs, too many guns, not enough butter. The list is endless. The public's penchant of political fingerpointing works for only

'Now it must examine its own actions. We know what the politicians are doing wrong. Now let's look at the rest of us.

THE REAL problem is that we're quickly losing our ability to distinguish between reality and fantasy. We're falling prey to our own technological revolution.

Everything in life has become just another big TV game show - some people win, others lose. And if we dislike what we see, all we have to do is switch the channel and - Bingo! - it goes away.

Take this business of the burgeoning number of unemployed, persons going hungry and still others without a roof over their heads. Many Americans are refusing to respond because they don't comprehend what they see on television.

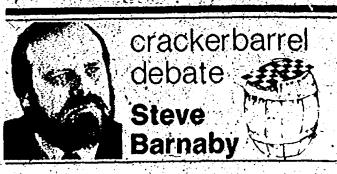

During the Depression (not Ronald Reagan's -Herbert Hoover's), America's mind was untainted by television fantasy. We easily distinguished between the horrors of war and famine as opposed to the gaiety provided at the movie theater. The line between reporting news and providing entertainment was definite in the minds of those who worked in the media and for those consuming the informa-

In those days America wanted to deal with its problems.

TODAY, THE MEDIUM television, which reaches the greatest number of people has blurred that line to sell itself. The public is having trouble distinguishing.

A viewer can go down the list: "Nightline;" Phil Donahue; Sonya Friedman; "20/20;" "60 Minutes;' the three network morning news shows - all these and more have crossed the line.

We've become so used to the game show news approach that fewer of us each day believe that what we see on the screen is true.

Donahue bounces about, haranguing guests over the latest social issue on the pop charts. Koppel shows us a filmstrip on same and than interviews a victim of this latest social disorder.

"Will the starving family get enough food to eat? Will the unemployed auto worker get a job or lose everything he's worked for? Will the child get the lifesaving kidney or die? "Tune in next week."

NOW, WITH THE sophisticated telephone hookups we can call in from around the nation and contribute our 2 cents' worth.

Newspapers, too, are falling prey to game-show mentality. One newspaper has a contest in which subscribers can pick and chose from a list of needy families to help. Needy persons submit their hardluck stories, and readers select the one they like best. Nobody knows what happens to the families which don't get tapped. Not much of anyone seems to care. But it's great for circulation.

Pure game show - just like the old TV show "Queen for a Day." Same format, nearly. Women would tell their stories, and audience applause would determine whose needs were met.

Unfortunately, newspaper readers and TV viewers love it . They can fantasize away our social woes. After all, on television the problem is solved when the show is over. Although many of us still may know of someone who is destitute, most of us still only have TV as our witness to the present national shame.

Because of that, people are starving to death in the midst of plenty.

Wake up; middle-class America. Those food lines are for real.

Religion courses double at MSU; '70s stigma gone

graduates are enrolling in religion courses in far greater numbers than last year, reports Robert T. Anderson, chairman of MSU's Department of Religious Studies.

"The stigma of taking religion courses is also easing," he said. "Students are realizing that we're an academic department, not a seminary. Only about 30 percent of our graduates actually go into a religious profession."

He says enrollment in winter term classes is projected to be 549 students. almost double the winter 1982 enrollment of 288 students.

Anderson notes that students can now use religion courses to satisfy general education requirements needed by all MSU students for graduation, which partially explains the enrollment in-

HE ESTIMATES that about twothirds of the department's grauates go on to graduate school. Others find jobs in fields ranging from social work to business.

The field of religious studies was quite successful in attracting students at state universities until the 1970s, Anderson said, when the emphasis in education began to shift to training for a profession.

> MARY L. SCHNEIDER, MSU assoclate professor of religious studies and a Franciscan who is about to take her Afinal vows in the Milwaukee-based Sisters of St. Francis, said students are also beginning to realize they need more knowlege in the area of religion.

"I've never seen so many students who don't know what a sacrament is or who Martin Luther was," she said. "Today's students seem to have less cultural background in religion."

Courses, taught by the six religious studies faculty members, focus on topics such as modern Hebrew, the Old and New Testaments, Eastern and Western religions, modern Judaism and Islam, Confucianism and Taoism. Students can also look at issues in science and religion and study religious

"The Biblical courses have always been highly enrolled," Anderson said. "Now, we're seeing pretty good-sized classes throughout the department."

Road, sheriff cases

Lucas starting new job in court

By Tim Richard • staff writer

Two circuit judges will have chances in the first week of 1983 to determine. the scope of Wayne County Executive

William Lucas's powers. On Wednesday, Judge Theodore Bohn will hear arguments about why Lucas should be enjoined from appointing his undersheriff, Loren Pittman, to succeed him as sheriff. That injunction is being-sought by-Robert-A. Picano, the deputy county clerk who was designated as sheriff in mid-December by a three-member panel of county offi-

mission," quipped Ficano, a 30-year-old Livonia resident. "I hired Tom Sullivan" because, in this kind of litigation, he's the best there is.'

Earlier in the year, Sullivan successfully beat down attempts by the charter commission and state officials to dissolve a controversial contract between the road commission and a union of 73 managerial employees.

Lucas officially took office Jan. 1 and was to be ceremonially sworn in this morning.

Ficano was scheduled to take over as sheriff Jan. 1, but he told the Observer late last week that "I'm not going to" attempt to storm the office. I'll walt for the court to make its determina-

LUCAS ANNOUNCED Saturday, moments after his official swearing in, he would nominate Pittman and three new road commissioners. All are subject to confirmation by the 15-member County Board of Commissioners.

For the Road Commission posts he will propose: W. Curt Boller, supervisor. of Brownstown Township and his spokesman during a campaign debate; Mary Ann Banks, mayor pro-tem of Romulus; and Dr. Janice G. Frazier, president of the management consulting firm of Jay, Gregory & Associates and a member of his transition team.

Besides being the first Wayne County Road Commission to have a female majority, the Lucas nominees will have no ties to the politically powerful UAW.

Wayne County's home-rule charter, the first in Michigan, took full effect Jan. 1. Under it, the county executive is empowered to remove and replace the three-member road commission at will, although the agency fixelf is not eliminated.

The charter also contains wording aimed at giving the executive power to fill vacancies in other elective posts, such as sheriff, if permitted by law. The Ficano-Lucas disagreement is whether state law clearly gives the charter commission authority to vest the executive with that power.

If it doesn't, then Ficano's appointment stands. It was made under a general state law governing counties. That law empowers the county clerk, prosecutor and chief probate judge to fill a vacancy in the office of sheriff - the

More flu this winter, but Type A cases rare -so far

By Mary Klemic staff writer

The winter season is only a few days old, but the cold and flu bugs have already made their unwelcome appearances felt in Wayne and Oakland counties

"This is the time of year we would expect to see it. This year we expect to see many more cases," said Dr. Donald Lawrenchuk, assistant medical director of the Wayne County Health Department.

One case of Influenza Type A — the more serious, type of flu strain that brings fevers of more than 101 degrees — has been confirmed in Wayne County, and one other is suspected in Oakland County, according to Dr. Lawrenchuk.

Altogether, 12 cases of Type A flu have been reported throughout Michigan, and no cases of the more common Type B flu, he said.

"INFLUENZA is so highly communicable it is easy to spread, especially with holiday traveling," Lawrenchuk said.

"Flu hits between December and March, and from all indications it's in Michigan now," said Keith Tait, epidemiologist at the Oakland County-Health Division. "I don't know how much the temperature has to do with it, but it does have a pattern of coming between December and March."

Talt said an increase in upper respiratory infections in Oakland County was reported last week by physicians scattered around the county and by area hospitals. "It's not a question of whether you can really categorize any particular person having the flu," he commented. "There's a lot of colds and flugoing around."

IN TROY, Beaumont Hospital reported 59 cases of viral infections and 79 instances of the lower intestinal flu bug in November and December. Another 78 persons in that time came to the hospital with cramps or abdominal pains that may or may

not have been flu, a hospital representative said.

St. Mary Hospital in Livonia has not recorded an

unusual number of flu cases, according to Sister
Mary Harold, administrative assistant.

"It's the regular routine flu that doesn't involve

many patients, the normal type of flu," Sister Harold said. "We didn't expect an unusual number."

Lawrenchuk said flu usually comes with the cold-

Lawrenchuk sald flu usually comes with the colder weather. One theory for this is that people are indoors more often and have closer contact with others, he said.

TYPE A Influenza has a sudden onset. Its symptoms are a temperature of more than 101 degrees, coughing, see throat and body aches and pains.

Type H influenza is the more common type of flu strain. It brings with it chills, headache, runny nose, sore throat, coughing and body aches. Recovery from this milder type of flu usually takes one to two weeks.

In the meantime, representatives urged the public to take precautions against being bitten by the cold or flu bugs, especially persons 65 and older and those with chronic conditions or immunity deficiency disorders.

Lawrenchuk said persons should be vaccinated early in the season, in September or October, because the vaccine requires two weeks to take effect.

More severe cases should consult their physicians, he said. He also warned that persons who suspect they have Type A Influenza to take Tylenol instead of aspirin.

There has been a strong statistical correlation between persons who took aspirin with the stronger influenza and Reye's syndrome, Lawrenchuk sald

Nursing refresher at S'craft

Schoolcraft College, Livonia, will offer an eightweek refresher course beginning Jan. 13 for licensed registered nurses wishing to re-enter the profession or update their knowledge and skills.

The course involves 80 hours of classroom study on campus and 120 hours of clinical practice on medical-surgical units of area general hospitals.

Students will have an opportunity to acquire greater knowledge of: the nursing process; current diagnostic studies, management of patients and trends in nursing; functions and responsibilities of various members of the health team in team nursing, review of previously learned nursing skills and review of new skills and equipment.

Clinical facilities scheduled for student assignment are arranged with local general hospitals.
Students' preferences for hospital assignments will be considered in the order that course registrations are received.

In-district students pay \$252 and non-residents pay \$333 for tuition and fees. Registrations will be accepted on a first-come, first-served basis and must be received by Jan. 6, 1983. Registration materials and further information may be obtained by calling Continuing Education at 591-6400, ext. 404.

East and West meet at wedding

By Margaret Miller staff writer

East met West, geographically as well as romantically, when Deborah Ruth Eoll and Hironobu Igarashi were married in a holiday wedding in Ward Presbyterian Church of Livonia.

The couple, who met in Japan and plan to make their home there, exchanged vows in the manner traditional to this country.

But when wedding party and guests moved over to the Livonia Holldome for the reception, the event took on a more international flavor. Displayed there were photos of the bridegroom's mother, father and sister, who were unable to come to Livonia for the wed-

In addition there were wedding pictures of Hiro's parents, Hisakuni and Kimi Igarsahi, at the time of their

Shinto caremony in Japan, and of Debbie's parents, Gordon and Barbara Eoll of Livonia, who were married in August of 1941.

THE ROMANCE that brought the couple to the Ward altar had its beginnings in that church too

"Through Ward church, I volunteered for missionary work with the Far East-ern Gospel Crusade," said Debbie, a graduate of Western Michigan University. "But I didn't want to go to churches in the area for financial support, as many missionaries do, so I got a job teaching English in a Japanese junior college for girls."

The teaching job began in April of . 1981 at a school in Kofu, Japan. In August her mission work took her to a Bible camp near Yokohama, and that was where she met the man she would marry. He was serving an internship with IBM.

They became engaged last year and Debbie gave up most of her mission work to learn Japanese and prepare to live in the country she had quickly grown to love.

Hiro said his family, who live in Chiba City, a suburb of Tokyo, was not atall taken aback by his decision to marry an American: "There are many international couples in the Toyko area."

"But this is my first trip to the United States," he said, "I have two great experiences here, marriage and seeing this country.

"I am very glad to be here and meet Debbie's dad and mom."

THE COUPLE said many customs in Japan are becoming more like those in this country, but the wedding customs are still quite different.

"Brides there wear heavy silk kimonos," she said. "Recently it has been the custom to have two kimonos, one in white and one in color. And they now have western-style wedding dresses too. They keep changing them throughout the ceremony."

Hiro noted that the Shinto-ceremony is different in more ways than dress.

"The basic idea is different," he said. "For Japanese families, the wedding is a family celebration. Only family members attend the wedding, although others may go to a party afterwards.

"In this country, it's a celebration of the marriage of two individuals." Debbie spoke of another big differ-

"According to Japanese custom," she

said, "the couple give a gift to everyone who comes to the party after the wedding. The guests then give money to the couple, and the gift and the money are of equal value."

FAMILY PLAYED a major role in he big event for this couple. Debbie' four brothers were there, Dan coming from Seattle and John from Hickory, N.C. Phil lives in Woodhaven and Tim in Redford.

Tom Mrazik, who said he was in charge of worrying during the event, was on hand to help his wife Anette during the delivery.

It wasn't the most convenient time for young Todd to be making demands.

We were all set for everyone to come here at 7 p.m. Christmas Eve," said his mother. But as the guests began arriving, her contractions began coming every two minutes.

Tom met everyone at the door suggesting they leave the presents in their cars but come right in to take care of the couple's older children, Michael, 6 and Melony, 21/2. Then the Mraziks took off.

"I WAS WORRIED we might not make it in time." explained Tom. "I was doing 70-75 miles an hour on the expressway."

When one begins to omit the extraneous embellishments from the handwriting, it is an indication of maturity. In your particular case, the fact that you once omitted them, but currently are returning to them, tells me that at this time in your life you may not be getting all the attention you need. Other formations tend to confirm this.

Salem rules as Canton mat king; Chiefs take 2nd

By C.J. Risak staff writer

Wrestling Mecca?

That may be a little strong, but the Plymouth-Canton community did come. last Thursday in the Canton Invitation-

Plymouth Salem outdistanced the pack, putting seven wrestlers in the finals and winning four events to lead the eight-team tournament with 16114.

evening came in the last match, Canton's Paul Fletcher went into the 200pound championship final needing to pin Birmingham Brother Rice's David Basirico to boost the Chiefs into second out looking like the sport's homeland place. Fletcher pulled off the feat, nailing Basirico in 1:20.

> "THAT WAS A super job," said Canton coach Dan Chrenko of Fletcher's performance, which allowed the Chiefs 'No. 2, we accomplished that."

But the most exciting moment of the to sneak past Portage Northern. "He knew he had to pin him."

> .Canton finished with 1471/2 points, one ahead of Northern. Rice was fourth (1181/2), followed by Saginaw (66), Dearborn (56), West Bloomfield (54) and Redford Thurston (171/2).

> "The reason for this tournament is to showcase wrestling in this area," said Chrenko. "With Salem No. 1 and Canton

However, despite their impressive performances, it should be noted that Warren Lincoln, the tournament champlon the past two seasons, and Wayne Memorial, last year's runner-up, were not among the competitors this year.

SALEM'S CHAMPIONS were Jeff Vojcek (107), who won in overtime on criteria over Canton's Todd Gattoni; John Beaudoin (140), a 4-0 victor over Northern's Tim Meeker; John Woochuk (169), who pinned Saginaw's John Moore in 3:04; and Tom Walkley (187), Ciszewski in 1:12.

Canton, which placed wrestlers divisions, had two other champions besides Fletcher. Chris Cifaldi (100) blanked Salem's Rick Vershave (4-0), and Marty Heaton (147) edged Tony Woodall of Dearborn, 7-6, in their final matches. -

Rice's Pete Cuffe (128) was voted by the coaches as the tournament's Most Valuable Wrestler. Cuffe won his class go.

a winner by fall over Dearborn's Rob with an 11-6 triumph in the finals against Northern's Andy Latora.

Other winners were: Saginaw's Danamong the top four in nine of the 13 my Herhandez (heavyweight), a pin of Salem's Marty Nagy in 1:31 of overtime; Northern's Deron Mellinger (114), a pin of Canton's Todd Bartlett in 4:29; West Bloomfield's Rob Rourke (121), a

Big crowds fast action equals good hockey

Home for holidays in Joe Louis Arena

By John Raby staff writer

Just how popular is college hockey to Detroit-area fans?

Six Livonia and Redford players realized how good it was to come home for the holidays as record crowds showed up at Joe Louis Arena Tuesday and Wednesday for the Great Lakes Invitational college hockey tournament.

Teams from Michigan State, Michigan Tech, Notre Dame and the University of Michigan battled it out before 21,347 loud-mouthed fans Wednesday, the largest crowd ever to witness a hockey game in North America. Livonia's representatives were Michigan's Paul Kobylarz, Michigan State's Todd Gardiner and Mike Donnely. Redford was well accounted for in Michigan Tech's Steve Murphy and Michigan State's Mark Hamway and Jeff Eisley.

KOBYLARZ, A sophomore, attended Detroit Catholic Central High School, leading the league in scoring his final two seasons.

His play in the Invitational has been consistent in his two seasons as a Wolverine. A year ago, he scored two goals and was nominated as the CCHA Player of the Week, while his two assists against Notre Dame last week helped Michigan win, 12-3.

Kobylarz said his play is a little sluggish at present, due to a slow start at the season's beginning.

"I really worked out hard over the summer," Kobylarz said. "I think I had a letdown at the beginning of the season, but I'm starting to pick up right now and I feel better than I have all

Kobylarz led the Wolverine frosh in scoring last season with 11 goals and eight assists. Halfway through 1982, he has three goals and four assists and emphasizes that the points are not as important as being a team player.

Michigan Coach John Giordano said Kobylarz is no world-beater, yet has the talent to become a solid college hockey player.

"He's got the size and toughness and he likes to play the physical game. Hopefully, he'll score some goals in that capacity.'

HAMWAY IS THE captain of the Spartan troops. The Bishop Borgess graduate led Michigan State and finished fourth in scoring in the CCHA a year ago, tying the record for goals scored (28).

The senior forward was drafted by the New York Islanders in the seventh round of the 1980 draft after playing for the Windsor Spitfires of the Ontario Major Junior A League.

"The Hammer", as he is called by Spartan fans, finished third in team scoring as a freshman and third as a sophomore. Last season he led Michigan State to a berth in the NCAA tournament before losing in the first round.

Hamway said the team set its goal as high as can be — to win the NCAA championships. With only four members gone from the 1981-82 team that won the CCHA playoffs, the chances are pretty good. At one point this season, the Spartans were ranked No. 1 in the nation. Currently, they rank fourth, with á 17-3 overall mark.

"You always want to go all the way - if you don't you shouldn't be playing the game," Hamway said. "We're not looking down the road, we're looking weekend by weekend and see where we

"We're way above where we were last year and our record indicates that. Personally, I'm just happy that this team keeps on winning, it-doesn't mat-

ter if I get one goal or 10."
Fourth-year Spartan Coach Ron Mason considers Hamway to be one of the top quality players in the country.

Plymouth turns out for Swedish icers

By Jim DuFresne · staff writer

The moment was near. The Zamboni had only another lap or two and it was done resurfacing the ice. Anticipation was growing in the Plymouth Cultural Center Wednesday night, almost getting out of control.

The enthusiastic crowd of over 200 began to hum with excitement. The hockey players couldn't stand waiting in the lockerroom any longer. They slipped out and crowded around the entrance of the rink to watch the tanklike machine complete its final turn and head for the side.

After two long years, lots of bags of chicken manure and a nine and half hour flight, the moment had finally arrived for this young team from Ekero,

THE ICE was their's. And it would belong to them the rest of the night. Not jet lag, not the Zamboni, not even the Plymouth Canton hockey club could take it away from them.

"We are very happy to be here," said Jorgen Dahlstrom, assistant manager. of the team. "We worked very hard for three years to raise the money."

In a country where the marginal taxes are 80 percent or more of a family's income, raising the funds to pay for the trip was a mammoth task. The boys started out by selling tulips door-todoor during Christmas. At Easter the team cut birch twigs, decorated them with colored feathers and sold those. But it was chicken manure, gathered

from local poultry farmers, then bagged and sold for home gardens, that really displayed their determination to participate in Plymouth's International Holiday Tournament.

the trip with the players, were alsopulled into the fund raising. For the last two hockey seasons they have been paying a set amount for each winning goal the team scored in a series match. .

"Believe it or not," one team official wrote, "it was as good as the chicken ," (manure)."

The team had more problems to overcome than just raising the money. There was the long flight from Sweden the day before that was delayed for over an hour before arriving at Detroit's Metro Airport. There was the jet lag, the lack of sleep and the pure excitement any 15 or 16-year-old boy would have during his first trip over-

To help put their minds back on hockey, coach Kare Tallback held a one-hour practice Wednesday morning.

"THEN I told them to go home and 🕢 sleep at least two hours," said Tallback in almost perfect English. "Our boys were very tired. Me too. We were al very tired when we arrived."

If they were it never showed in their opening game of the tournament. At 11:15 the Swedish team took to the icefor their first crack at "American hockey", a game that is different from what they know back in Ekero. It's a game that is more physical and less graceful than that across the Atlantic Ocean, a game where checking is the rule and not the exception.

"THEIR RULES are a lot tighter than ours when it comes to checking," said_Plymouth-Canton - coach - Dennis German, who made the trip to Ekero last year. "When we hit this hard in Sweden we were penalized heavily. Most of the time over there we played short-handed."

Swedes outskate Plymouth icers

Continued from Page 11

German felt the Swedes checked harder this time. But in the end it was their own style of heckey, to outskate instead of outhit their oppopents,

that led to their 4-3, win.

There were plenty of body checks that rattled the boards, but there was also a fine display of graceful skating and pinpoint passing by the Ekero squad that enabled them to jump out to a 2-0 first-period

Only 17 seconds after the opening face-off, Clas Ridstrom managed to backhand the puck into the goal for a score that left the Americans wide eyed. Five minutes later Dan Lindqvist picked up a rebound in front of the net and drilled it in.

"The Americans have a wider way of skating," said Dahlstrom. "They skate heavier on the ice. They play hard and check hard. We tend to play the puck more.

"PERHAPS THAT'S the trans-Atlantic difference between European and American hockey."

The difference and the score were reduced in the second period when the Plymouth-Canton squad rallied to take the lead and the momentum. Kurt Holda scored in the opening two minutes of the second period and 46 seconds later Steve Culver tied

up the game to the delight of the crowd. With 1:34 remaining in the period Jeff Gerish fi-

nally handed the host team a 3-2 lead. But it was short-lived. A brief 27 seconds later Patrik Akesson scored on an unassisted breakaway to end the period in a 3-3 tie. ·

. THE PACE on the ice in the final period was frantic. Andreas Birch-Jensen scored in the opening minute to put Ekero up 4-3. The action peaked in the final minute when the Americans pulled their

goalie and staged several furious attacks in front of

the Swedish net with the extra man. But the overseas guests held out, won their first game of the tournament and departed the Ice shaking the hands of their opponents and the fans who gathered around their locker room door.

"This exchange is much more than hockey," said Tallback, "It is a cultural thing." It's a renewal of a friendship.

"I knew Ron Mason was a good coach and there were a couple of my good friends - Mark Hamway and Ken Leiter — that were already there. It seemed like they were building, and four years later, here we are."

"Todd Gardiner's more of a defensive-type hockey player," Mason said. "He kills penalties for us, he anchors the sine. We can throw him in at any position and it doesn't hurt us."

EISLEY FEELS he's gotten by a slump at his defensive position for the Sparlans, even though a wrist injury sidelined him for a few games.

He's helped the Michigan State defense establish the lowest goals against average in the league, something he attributes to strong, hard work.

"I just wanted to play a regular shift in the beginning, because I knew we were moving over to a six-defenseman lineup," Eisley said.

Eisley, a junior, graduated from Thurston High School and played for the Detroit Jr. Red Wings, where he scored 44 points his final season.

Eisley remembers playing with Invitational foes in the minor hockey leagues, including Murphy and Koby-

"Jeff Eisley's a heads-up hockey player. He moves the puck very well," Mason said.

MURPHY, THE lone Tech representative from the area, is the team's second leading scorer with 11 goals and 17 assists including one goal and two assists at the Invitational.

The Redford Thurston graduate, like many other players, would like to see Tech go to the NCAA's.

Is there a catfish in your future?

Wander down to the pond and they'll let you in on a little secret. The catfish. They're not just for the south anymore. Pass the word to a soybean farmer.

More and more people are eating cathish outside of the south and lower midwest, areas where the catfish is known and loved. Sales are up 60 percent over last year, say catfish industry sources. What's spawning this growth? Word of mouth mostly, the mouth being most intimately involved in the enjoyment of the dish.

"If we ever get you to eat it one time, you'll eat it again," said Mississippi catfish-farmer Lester Myers.

In this case, what's good for the catfish farmer is also good for the soybean farmer. That's because soybean's constitute a big portion of the catfish diet. Catfish farmers in Mississippi, where roughly 90 percent of all catfish are produced, feed their fish more than 2.3million bushels of soybeans a year, or about one-tenth the total U.S. crop.

"Soybean farmers realize the catfish industry represents a huge market for soybean meal," said Ken Bader of the American Soybean Association. "Through the soybean checkoff program, Mississippi farmers have funded a research project on catfish feed processing at Mississippi State University. This is just one of several checkoff-funded soybean-fish-promotion programs around the world."

In the pond, these bewhiskered fish are virtual meat machines. It takes from 1.5 to 1.7 pounds of feed to make one pound of catfish. But until five or six years ago, no one knew the exact nutritional requirements of the fish. Feeds were formulated on a trial-anderror basis.

Researchers now know what a catfish needs to eat. Roughly half the ration is soybean meal, and the rest wheat, fish meal, vitamins and minerals. The question now is how to come up with the most economical formulas, based on feed prices, and still meet the nutritional needs of the fish.

"Feed cost is about 50 percent of the

- cost of producing catfish, so anything we can do to make feed production more efficient brings the cost down," said Dr. Robert Wilson, head of the Department of Biochemistry at Mississip-. pl State University. Wilson and Dr. John Waldrop, MSU agricultural economist, will be working on the project funded by the Mississippi Soybean Promotion Board. The Catfish Farmers of America and two catfish feed mills in Mississippi also support the project.

The scientists will be putting their work through the mill, literally. They will substitute mechanically processed soybean meal for solvent extracted soybean meal and see if it can be used to make catfish feed.

"If this won't go through the mill, none of the rest of our testing will matter," said Waldrop. "We'll first look at the physical characteristics of the

According to Myers, who is president of the Catfish Framers of America, a catfish farmer needs to see his fish only three times: when he puts them in the pond, when he feeds them and when he takes them out. "The feed has to float so you can see your fish eating," he said. "In processing, the feed is cooked so the corn particles puff like pop-

Once the résearchers are sure the mechanically processed meal can be used and is nutritious to the fish, they will estimate the costs of producing the meal. "It's possible the processing could be done locally using locally grown soybeans," Waldrop said. "This could result in even more soybean meal being used, but we don't know this for sure. We need to answer these ques-

Local quality control is one of the big pluses of the catfish industry in Mississippi, according to Seymour Johnson. who raises both soybeans and catfish in Indianola, Miss. "We control everything from feed to water. In the supermarket, our frozen fish is fresher than fresh fish. They go from live to frozen In 25 minutes. The bacteria count is then extremely low. Because of this low count, fish can be super chilled to 28 degrees without freezing. Chill-pack fish have a 20-day shelf life."

The U.S. Department of Agriculture routinely samples food products for bacteria count. "I've been told our catfish has the lowest bacteria count of any product-USDA samples," Johnson ...

These factors are important in the production and processing of catfish, but, said Johnson, when someone sits down to a catfish dinner the important

Healthful and nutritious: Apples in juice or cider

You've probably been drinking apple juice and apple cider since you were a youngster, but have you ever realized that the two aren't quite the same even though their names are sometimes used interchangeably?

Apple juice, as the name implies, is the juice which results from the grinding and pressing of fresh apples. It is filtered to remove most of the apple solids or pulp. After filtering and clarifying, the juice is then hermetically sealed in cans, jars or bottles and is pasteurized for longer shelf life. No artificial sweeteners are added. Thanks to pasteurization and the vacuum sealing, apple juice is available all year

Married after living and working together for years, scriptwriters Burt Reynolds and Goldie Hawn leave on an Amtrak honeymoon that helps put an speedy end to marital bliss.

Louise Snider

'Best Friends' makes comic bedfellows

"Best Friends" (PG) emerges from the pack of new releases as best bet for holiday entertainment. Shedding the beer guzzling, auto racing image of some of his most popular films, Burt Reynolds nicely understates his character, Richard Babson, while getting the maximum comic effect. So too does Goldie Hawn as Paula McCullen.

The two of them are paired as a couple of successful Hollywood script writers who are equally compatible in the office or in the bedroom. They have been working together harmoniously and noncommitally for years. They decide to buy a house together, and Richard persuades Paula that they should make a commitment to each other. Paula reluctantly agrees, so they marry and leave on an Amtrak honeymoon which includes visits to both sets of parents.

A hint of things to come emerges at the start of their trip. when the two of them try to squeeze into a narrow sleeper. on the train. The rest of the journey offers no improvement and even less romance.

They arrive at the home of Paula's parents in Buffalo. amid a typical winter blizzard. Richard finds the weather frightful and Paula's parents peculiar. He is forever shivering and closing windows, which his mother-in-law keeps

Next stop is Virginia where Richard's parents live in a security-guarded, 15,000-unit condominium complex. Paula can't stand the sealed-in stuffiness and is none too thrilled with her new in-laws, especially her mother-in-law, who is a maniac with a flash camera.

By the time they return to California, where it's raining, their honeymoon has turned into a brawl and they are ready for a divorce. The "best friends" have become an irritable, argumentative married couple.

That's the gist of this movie in which Reynolds and Hawn lead us to a delightful string of encounters with distinctive. funny and sometimes poignant characters.

Jessica Tandy and Barnard Hughes are dry, comic and touching as Paula's parents. Tandy as the prudent and pragmatic mother gives a performance worthy of supporting actress nomination.

Keenan Wynn and Audra Lindley are equally effective as Richard's boisterous and outgoing parents. Another notablesupporting actor, and one who owns every scene in which he appears, is Ron Silver. The brightest piece of comedy in this film is tthe satire on the industry itself with Silver as Larry Weisman, an egotistical, lying and eccentric Hollywood producer. As he discusses a script with Paula and Richard, a shoe clerk fits him with athletic shoes. Then Larry simply jogs out of the conference and out of the office, leaving the writers sitting there nonplussed.

About the only time this movie goes off course is when it tries for a cheap sight gag, as when Paula, high on Vallum, falls face down into her chicken salad. Otherwise, it hums along a bright route of comic situations and dialogue drawn from show biz humor, generation gap humor, male-female confrontation humor and geographic humor.

Sun child Richard's complaints about the cold may not get much sympathy from Easterners, but they are bound to strike a responsive chord among southern Californians who regard any winter trip to a location east of Arizona as a sentence to Siberia.

Auditions will be conducted at that time and during the week of Jan. 18 in the same room. The choir is a credit-free class available at \$30 a semester. The fee is set without regard to residence. Participants may register at the Jan. 25 rehearsal.

ANOTHER GROUP looking for new members, the Academy Singers, conducts its auditions from 9 a.m. to 3 p.m., Jan. 8 at Varner Hall, Oakland University, Rochester. For more information and an application form; contact Mr. and Mrs. Gene Grier, directors, P.O. Box 307, Drayton Plains, 48020; 666-3037.

'TIS THE SEASONfor auditions. The Fourth Street Playhouse conducts auditions for "1959 Pink Thunderbird" by James McLure from 4-11 p.m., Jan. 6 at the theater, 301 W. Fourth Street, Royal Oak. Auditions are by appointment only. Each person auditioning must present two contrasting, prepared monologues which combined don't exceed four minutes. A resume and a picture are required. For an appointment call the playhouse at 543-3666. The play, set in Texas during the late '70s, combines two one-act plays, "Lone Star" and "Laundry and Bourbon." Cast needs are for three men and three women in the late 20s or early 30s. Bill Moore directs the production.

SWEET ADELINES' Farmington Hills chapter will be among the Michigan choral groups competing in state-wide competition Feb. 11-12 at Plymouth-Salem High School, as part of the Great American Choral Festival. Winners of the state competition will move on to the national competition where country's best amateur singing group will be chosen.

THREE ACTING WORKSHOPS are offered from Jan. 11 to Feb. 9 at the Attic Theatre, 525 E. Lafayette, Detroit. The workshops are aimed at people with acting experience or theatre course work who are pursuing a professional acting career. Series I, stage combat, taught by David Parker, an affiliate member of the Society of American Fight Directors will be conducted from 4:30-7 o.m., Jan. 16, 23, 30 and Feb, 6. Series II, audition technique, taught by Margaret Heinze, a founding member of Roadside Attractions, is set for 7-10 p.m., Jan. 12, 19, 26 and Feb. 9. The classes cover selection of audition pices, preparation and presentation. A two-minute contemporary piece should be prepared for the first class meeting. Series III, scene study, taught by Robert Wright, classical stage and screen actor and director, covers basic acting techniques through study of scenes from contemporary American drama. Classes are conducted from 7-10 p.m., Jan. 15, 22, 29 and Feb. 5.

Send a picture and resume along with \$40 for each series to Attic Theatre Workshops, 525 E. Lafayette, Detroit, 48226. There aren't any refunds for missed classes. Class size is limited to 16 students each. For further information, call 963-7789.

WILL-O-WAY Apprentice Theatre, Bloomfield Hills has added singer and choral director Dreama Royal for the upcoming winter term of classes. She is music director of the University Presbyterian Church, Rochester and performed last year in the Birmingham Musicale's "Desert Song." She has a bachelors in music from the University of Charleston and has trained at Oakland University, Wayne State University and the University of Michigan. She attended a master class in German lieder taught by John Wustman of Illinois,

With the school's artistic director, Cella Merrill Turner, Royal will conduct a class in "Opera Scene Study for adults with trained voices. For vocalists interested in a daytime class, Royal teaches "Ensemble Singing for Musicals" on Saturdays. Registration is underway. Open houses are scheduled for 7:30p.m., Jan. 4 and 5 at theschool, 775 W. Long Lake Road, Bloomfield Hills. Adult classes run from Jan. 9 to March 29. Teens and children study from Jan. 8 to March 27. For further information or registration call 644-4418.

"LASERA 2 "The History of Rock and Roll" will be shown at 8 p.m., Jan. 10 in the Cranbrook Institute of Science planetarium. The laser light show is combined with musical selections ranging from the work of Bill Haley and the Comets to the present. The selections have been made in conjuction with WRIF-FM.

tario, Canada is sponsored by the Community House, Birmingham. The trip, scheduled for Jan. 29-31 is open to the public and costs \$223 per person for a double occupancy room. The price includes: round trip motorcoach transportation from the Community House' to Sault Ste. Marie, two nights at the Water Tower Inn; two full breakfasts, a cocktail party, an all day tour through the wilderness on the Algoma Central Railway to Agawa Canyon, a box lunch on the train, two lunches at the Chalet Motor Inn, Gaylord and all taxes and baggage handling.
