## House candidates trade barbs

**State Rep. Eileen DeHart, a Democrat, and GOP challenger Dennis LeMaitre are engaged in a heated dispute as they fight for voters' approval in the election only eight days away.**

BY DARRELL CLEM  
STAFF WRITER

Republican challenger Dennis LeMaitre has accused 18th District state Rep. Eileen DeHart of coddling criminals, but the Democratic incumbent fired back Friday by touting her endorsements from law enforcement organizations.

In another skirmish, LeMaitre

defended himself against DeHart's claims that he is aligned with U.S. Rep. Newt Gingrich and other Republicans that DeHart says are unsympathetic to senior citizens.

The 18th District battle has escalated as DeHart, seeking her second two-year term, tries to fend off an aggressive challenge from LeMaitre, a Westland business owner.

The 18th District includes most of

Westland and the northeast corner of Canton Township.

On crime, LeMaitre has accused DeHart of supporting "private cells for felons" by opposing legislation aimed at double-bunking of prison inmates.

DeHart responded that she didn't support the bill because it failed to provide money for more prison employees to combat potential inmate conspiracies.

Moreover, DeHart noted that she has been endorsed by law enforcement groups and officials such as the Westland Police Officers Association, the Michigan Police Officers

Association and Wayne County Sheriff Robert Ficano.

"If I was soft on crime, they certainly wouldn't be endorsing me," she said Friday.

LeMaitre dismissed the endorsements as "politics" and said the police organizations didn't bother to talk with him about his stance on criminal issues.

"I'm still a little dismayed that they wouldn't take the time to speak to me and hear my views," he said.

LeMaitre lashed out at DeHart for campaign fliers urging voters to

## Closing of Oakwood clinic means job losses

BY LEONARD POGER  
EDITOR

Oakwood Healthcare System, in planning to close down its Merriman Clinic, will eliminate 400 jobs in the next 14 months and may demolish the building, which was known to generations of area residents as Wayne County General Hospital.

The clinic, on Merriman between Palmer and Michigan Avenue, will be closed as the market area of west-

ern Wayne County moves more quickly toward managed health care than expected.

That was viewpoint of Carla O'Malley, Oakwood's senior vice president.

The top administration announced to top managers last week of the planned cuts of 2,000 within the next four years to meet the problem of reduced state and federal reimbursements and the growth of out-

patient care.

The Merriman clinic has 325 beds, of which about 100 are used by psychiatric patients.

O'Malley said the corporation is looking at the possible demolition of the building which had served low-income families for decades and was a major medical trauma center for the area.

In its place, O'Malley said, a new facility focusing on family doctors and outpatient services will be built

on the 30 acres the health care organization owns in Westland.

"It's not smart to renovate it," she said, referring to the former county hospital built along with others in the 1950s and 1960s as a large inpatient hospital.

It would be very expensive to renovate it when compared to building a new medical center, she said.

"We are working with the city of

### They're winners

Mayor Robert Thomas has announced the winners in his annual beautification program.

In the residential category, the first-place winners were Allan and Debbie Beck, of 2261 W. Miller Circle, followed by Leon and Huguette Charbonneau, of 35603 Florane, in second, and Don and Diane O'Hagan, of 5825 Herbert, in third.

In the business category, the Deerhurst Condominiums, off of Central City Parkway between Ford and Warren Road, won first-place honors, followed by Taylor Towers, on Marquette near Carlson, in second, and Woodbridge Pond Apartments, off of Newburgh south of Cherry Hill, in third.

The winners were presented with their awards at the mayor's Town Hall meeting on Oct. 9.

## PLACES & FACES

### Time files

The Westland Police Department will celebrate its 30th anniversary with an open house and tours 10 a.m. to 3 p.m. Saturday, Nov. 2, in the police station, on Ford west of Carlson.

There will be a flag-raising ceremony at 10 a.m., followed by weapons demonstrations, explanation of evidence gathering techniques, squad car display, mobile computer terminal display, and a tour of the city lockup.

### Looking ahead

The Wayne AMVETS Auxiliary to Post 171

will hold a holiday psychic festival from 11 a.m. to 7 p.m. Sunday, Nov. 10, in the post hall, on Merriman just south of Avondale. Admission is \$1 with reading done for \$10 to \$15. The event is sponsored by the auxiliary and Psychics Unlimited.

### Wizards on wheels

The Westland Wizards wheelchair basketball team will put on a demonstration of skills in a fund-raiser planned for 7:30-9:30 p.m., Saturday, Nov. 9, in the Bailey Recreation Center, on Ford between Wayne Road and Newburgh. The Wizards, co-sponsored by the Westland Civitans and Westland Moose Lodge, will also have a half-time show by the Stevenson School pompon squad. Grand prize for the raffle will be a train trip for two to Chicago.

oppose LeMaitre's "Gingrich-style politics."

Specifically, DeHart's literature accused Republicans of wanting to slash spending for Medicare, Medicaid and Social Security benefits.

Aimed at senior citizens, the fliers state that the cuts would jeopardize health coverage and nursing home care for the elderly.

LeMaitre accused DeHart of misleading seniors by implying that he, as a state legislator, would help decide federal-level issues.

"It's a blatant attempt to scare seniors," he said. "It's strictly a tactic of fear, and I find that shameful."

Westland" about a site plan for the new center, O'Malley said.

Of the 400 jobs to be eliminated at the Merriman clinic, the hospital plans to offer outplacement services to help employees find new jobs.

They will also be offered three college-level courses to upgrade their education and skills in their upcoming job search, O'Malley said.

Oakwood is also offering employees an early retirement program, which could reduce layoffs.

On education, DeHart criticized LeMaitre for a campaign flier calling her "the teacher's pet." The literature claims that she wants teachers to be allowed to retire at age 42 and collect their pensions.

DeHart said the flier distorted her support of a bill to allow teachers to retire after 25 years on the job. She said LeMaitre implied that she wants teachers to be able to retire after 20 years.

Allowing teachers to retire after 25 years would save the Wayne-Westland district, alone, an estimated \$500,000 a year, DeHart said, because high-paid teachers would be replaced by new educators lower on the

salary ladder.

Campaign advertising aside, both candidates say they are mounting a strong, final push to try to get voters to support them on Nov. 5.

Supporters of both candidates are phoning voters and walking through neighborhoods in hopes of fueling interest in the campaign.

LeMaitre said he has sent out a flurry of campaign fliers because he, as a challenger and first-time candidate, needed to get his name out to voters.

The Republican Party has focused intently on the 18th District race, in the belief that DeHart is vulnerable.

# Presidential race draws voters

BY DARRELL CLEM  
STAFF WRITER

An estimated 65 percent of Westland's 56,000 voters will cast ballots in the Nov. 5 general election, City Clerk Diane Fritz predicted Friday.

Fueled by a presidential race and a flurry of state and county ballot proposals, voter turnout is expected to be higher than the 60 percent of four years ago.

"I think we're going to exceed that amount," Fritz said.

Westland voters already have pulled 5,000 absentee ballots, she said, "and the number is still growing."

Fritz noted that voters have a Saturday deadline for receiving absentee ballots at her office in Westland-City Hall.

Requests by mail also must be received by Saturday.

Absentee ballots are available at the city clerk's office from 9 a.m. to 5 p.m. through Friday, and from 9 a.m. to 2 p.m. Saturday.

Registered voters may pick up absentee ballots only for themselves, Fritz said.

"They can't pick up a ballot for their spouse or their kids," she said.

In the 18th District state House race, Democrats hope that a large turnout will boost incumbent state Rep. Eileen DeHart's bid for re-election.

But her opponent, Westland

business owner Dennis LeMaitre, offered a different scenario.

"I believe a large turnout will probably help me," he said Friday.

In Westland's far southeast end, voters will choose between 17th District state Rep. Tom Kelly, D-Wayne, and GOP challenger Diane Dore, who hasn't mounted a campaign.

Among other races:

- Democratic state Rep. Lynn Rivers is being challenged by Republican Joe Fitzsimmons in the 13th District.

- Democrat Kay Beard faces opposition from Republican Carol Juarez for the 12th District county commission race.

- Unopposed in their respective positions are 18th District Judge C. Charles Bokos and Wayne County Community College 9th District trustee Ted Scott.

Voters will decide a flurry of county ballot questions and statewide proposals.

Among the county proposals:

- Proposition S would allow a 1 percent tax on hotel room charges and 2 percent on car rental fees to pay for a new Detroit baseball stadium to be located adjoining the planned new Detroit Lions football stadium. The tax could be levied up to 30 years to pay off bonds not to exceed \$80 million.
- Wayne-Westland school district voters will help to decide a proposal labeled "Education First," which seeks to renew a 1 mill tax levy for Wayne County Community College for five years for general operations.

Among the state proposals:

- Proposal A would amend the Michigan Bingo Act to prohibit groups organized under the Michigan Campaign Finance

Act, such as candidate committees or political party committees, from being licensed to sponsor forms of gaming such as bingo, millionaire parties and raffles.

A second part of the question seeks to allow a change in the single maximum payout or prize for a charity game sold by licensed organizations.

- Proposal D poses a legislative initiative that would limit bear hunting season and prohibit the use of bait and dogs to hunt bear.

- Proposal E would permit casino gaming in qualified cities, that is cities with a population of 800,000 or more located within 100 miles of any other state or country in which gaming is permitted.

The provision would also establish a gaming control board to regulate casino gaming; impose an 18 percent state tax on gross gaming revenues; allocate 55 percent of the tax revenue to the host city for crime prevention and economic development, with the balance going to the state for public education.

- Proposal G pertains to the management of Michigan's wildlife populations. It would grant the Natural Resources Commission the exclusive authority to regulate the taking of game including bear hunting. It also would require the commission to utilize "principles of sound scientific management" in making decisions about the taking of game and to minimize human/bear encounters.

The proposal would also require public hearings before the commission issues orders regarding the taking of game.

All ballot questions call for "yes" or "no" responses from voters.

ELECTION 96

18TH DISTRICT STATE HOUSE RACE

Incumbent state Rep. Eileen DeHart, D-Westland, and Republican nominee Dennis LeMatre are competing for a two-year legislative term in the Nov. 5 general election.

**Do you support or oppose efforts to have western Wayne County suburbs secede from the county?**

"At this point I want to see what the Conference of Western Wayne study group comes up with. I can understand the impetus behind the drive, but my worry is that we will still owe (Wayne County) for bonds and millages. In addition, there would be costs associated with secession, such as new administration offices and departments. I don't know that it would be feasible."

"The idea has merit. The amount of benefits we get for the taxes we pay is questionable. However, the costs (of secession) would be staggering. A better answer may be to look into better representation in county government, such as increasing the number of (western Wayne) seats or changing the bylaws to require a two-thirds majority vote to pass proposals. I'm not necessarily opposed to secession, but I can't really actively support it at this point in time because of the costs."

**Should parents be held accountable for possession of guns by their children?**

"If parents own a gun, they should make sure there are safeguards in the house. It is the parents' responsibility to make sure a child is kept away from guns. If a child brings a gun out of the house, the parents should be responsible, but if a child gets a gun outside of the house, I don't know that parents can necessarily be held accountable."

"Yes. We have very tight gun controls already, and I'm not an advocate of any further gun control. But people need to be held responsible when a gun falls in to the hands of children. That cannot be tolerated. I could support (legislative) measures that make it punishable for parents to allow guns to fall in the hands of children."

**What can be done to improve education funding?**

"I have introduced a bill for a lottery preservation fund. Profits garnered from the lottery would go to the preservation fund to be used for K-12 education funding. It would augment state aid money for schools and would be divided equally on a per capita basis for all children going to school."

"The state has to make a much larger commitment to education, more than just financially. The state needs to set standards for education in reading, writing and math. I would like to see reduced class sizes in K-4 grades. If we could do this for all school districts, we could do a better job of making sure children have the fundamentals early on."

**Is state tax reform working?**

"Tax reform is not working. Proposal A (which cut school property taxes and increased the state sales tax) will never ever make our schools whole. We did get much-needed property tax relief, especially for groups like senior citizens, but the 6 percent sales tax will always be there. Property taxes will eventually climb again, but we will still have the sales tax."

"Yes it is. There is a misconception among school officials and the general public that Proposal A (in 1994) would be the end-all to school problems. I believe it was intended to be a very good first step. It helped senior citizens and others who saw their taxes increasing even though they had fixed incomes. We had to change the way we funded our schools. But there are some quirks in implementation. Maybe we could look into raising the 3-mill enhancement (ceiling) and look at the two-year limit on that enhancement millage."

**What makes you the best candidate for the 18th District state House seat?**

"With term limits, you need to go into office with a certain degree of expertise. I had a helping hand when I worked for more than seven years with (former state Rep.) Justine Barns as a legislative aide. I have been in office for two years, and I know the process. I have been accountable to my constituents, and I have a proven record. I have office hours for my constituents, and I come home from Lansing every night. I vote on the issues, not whether a proposal is Democratic or Republican. And I have had more legislation passed than any other freshman legislator."

"I have a well-rounded viewpoint about the needs of the district. I own a business and have worked for others previously. I am a Westland homeowner, and I was an apartment renter before that. I have a proven track record with community involvement. I have gotten a lot of things accomplished."

**What would you do to create new jobs?**

"I have already helped create new jobs. I voted to change the formula for small business taxes to help smaller businesses. I also voted to increase the income base from \$95,000 to \$125,000 before the small business tax has to be filed. I supported changing the formula so that a company that invests more capital in Michigan will pay less taxes. I think if Republicans and Democrats stop calling each other names, they can accomplish more to help create jobs."

"Michigan has a low unemployment rate, fueled by the small business community. Most of the tax cuts in the past have been targeted for large employers. I think they need to be geared more toward small businesses. By easing the tax burden on small business, we can free up more money that can lead to more jobs. The real challenge now is to drive up wages and keep taxes low. That would give families an option of having a parent stay home with children."

**What's your position on a gas tax?**

"I would oppose a gas tax. We can find the money in other areas, such as eliminating a 6-cent-a-gallon discount for diesel fuel. That alone would bring in \$38 million. The federal government also penalizes us for that discount, so we would get an additional \$20 million from the federal level. We also could eliminate an evaporation rate for service station owners, and that would bring in another \$20 million. All that adds up to \$78 million in savings. We need to explore options other than a gas tax. I could not support a gas tax."

"I currently right now do not support a gas tax. We haven't exhausted other opportunities to find money. I believe we could receive more money if we lobby for our fair share of federal government dollars."

In the kindergarten class of Carol Palk, student Eddie Zarves admitted that he was "a little nervous" about touching the python.

But a classmate, Andrew Belanger, commented that the reptile's skin felt "real good" and he wasn't nervous about the experience.

# Playscape project gets kids' help

Westland youngsters will get a chance today to create ideas for the city recreation department's playscape, for which officials are raising money for next spring's construction.

A committee planning a fundraiser tonight (Monday) is also planning a day-long series of activities earlier in the day.

Those activities involve students at P.D. Graham and a Madison Elementary Schools meeting the designer of the playscape Monday morning, starting their drawings of potential playscape designs and convening at Bailey Center as a group, have serve and continue drawing.

This was followed by an open house for city and Wayne-Westland school board members and administrators.

The public can get involved by attending a playscape committee meeting scheduled for 7:30

tonight (Monday) at the Friendship Center, on Newburgh near Marquette.

Committee spokesman Craig Welkenbach said a road rally is scheduled for Saturday night, Nov. 9, to raise money for the playscape.

Registration will be at 6:30 p.m. at Bailey Center, on Ford between Wayne Road and Newburgh, with the road rally to start at 7 p.m. and continuing to 11 p.m.

Fee is \$15 per couple with food and pop provided at the rally's last stop.

Checks are to be made out to "City of Westland Playscape" and mailed in advance to Janice Cassady, c/o City of Westland CATV, 33455 Warren Road, Westland 48185 by Monday, Nov. 4.

Estimated cost of the playscape is \$40,000.

# Company fined after worker death

By MATT JACHEMAN  
STAFF WRITER

The state has fined a Livonia company for workplace safety violations following an accident that killed a maintenance worker last summer.

Paul Boyd of Westland was repairing an overhead bay door at the Foodland Distributors warehouse on Middlebelt July 25 when he was struck in the head by a steel rod and fell about eight feet. Boyd, 57, later died at the University of Michigan Hospitals in Ann Arbor.

An investigation by the Michigan Department of Consumer and Industry Services found three safety code violations, according to Eva Hatt, an assistant chief with the department's general industry safety division. Foodland was fined \$6,375, which was cut in half in an informal settlement.

The citation was issued Sept. 19. Foodland has paid the \$3,187.50 and is working to show it has corrected the hazards, Hatt said.

There were no witnesses to the accident, which occurred between 3:15 and 3:30 p.m. According to a Livonia Police Department

report, Boyd was working on the door while co-workers were away from the area on a break. They found him lying on the floor. An ambulance took him to St. Mary Hospital, and he was flown by helicopter to the U-M Hospitals.

"There is a loss there, you know," said Boyd's widow, Delores Boyd. The two were married for 24 years.

"I have a lot of friends and family that's been very supportive," she added.

Mrs. Boyd has hired an attorney, Jon Garrett, who is investigating the accident. The door's manufacturer, installers and the condition of its parts, including a cylinder that had fractured, are some of the aspects being reviewed, Garrett said.

Greg Gallus, Foodland president, said the accident stunned the whole company.

"It creates a huge amount of sadness and ... bereavement toward the family," Gallus said. Foodland provided counseling after Boyd's death for employees who sought it, he added.

He said the company is uncertain about

what happened other than that "something went horribly wrong." Boyd was hit with a winding bar, Gallus said, a tool used to create tension in the roll-up door's mechanism.

The winding bar was made by Boyd whose responsibilities included repairing overhead doors, Gallus said. Boyd had different winding bars for different types of doors, he said.

Hatt said the company violated a general safety clause covering "recognized hazards" by failing to ensure Boyd had a proper winding bar for the door he was working on.

The other two hazards involved working at heights: failing to ensure a safe way to get to a height above 16 inches, and failing to provide a scaffolding or safety harness and lifeline where needed.

Boyd had climbed onto a hi-lo and then onto a storage rack to work on the door and didn't have "fall protection," the state citation says.

Gallus agreed Boyd had used the hi-lo and storage rack to gain access to the door's mechanism, but said it is unknown how he had positioned himself after that.

# Reports: Political climate polarizes suburban lawmakers

State representatives in Michigan were more polarized this year than usual, according to ratings from three organizations. This was particularly true of suburban lawmakers. Republicans scored low on liberal scales, Democrats high.

The most comprehensive rating was done by *Inside Michigan Politics*, a Lansing political newsletter edited by former Republican legislator Bill Ballenger. In its system, a perfect conservative voting record received a zero, a perfect liberal 100.

IMP considered 29 roll call votes on everything from bills to conference reports to amendments. For example, it considered a bill to tighten requirements for written consent for payroll deductions to unions — favored by liberals, opposed by conservatives. A vote to lower the minimum age for waiving juveniles to adult courts was considered conservative; a vote against, liberal.

Ballenger said state representatives were more polarized than usual this year because of Republicans' razor-thin (56-54) control of the House for the first time in three decades. IMP made

the same finding as this newspaper did in the school reform bills — that freshmen in each party were either more conservative or more liberal than senior members.

IMP said Democrats had an overall score of 69, Republicans 9. Here is how Observer area lawmakers were rated:

- Lyn Bankes, R-Redford, 11.
- Eileen DeHart, D-Westland, 67.
- Tom Kelly, D-Wayne, 83.
- Gerald Law, R-Plymouth, 15.
- James Ryan, R-Redford, 14.
- Deborah Whyman, R-Canton, 11.

On the Michigan Chamber of Commerce's index, 100 was a perfect pro-business score.

The chamber used 23 roll calls, three of them on Senate Bill 344, a reform of product lia-

manufacturers. The chamber also included cuts in the single business tax and repeal of the intangibles tax.

Here's how the chamber rated Observer area lawmakers:

- Bankes, 86.
  - DeHart, 21.
  - Kelly, 18.
  - Law, 86.
  - Ryan, 86.
  - Whyman, 90.
- Clean Water Action, a Democratic-leaning environmental

group, generally deplored the Legislature's performance. CWA also noted the House was "dramatically split along party lines," Democrats averaging 81 percent, Republicans 4.

The results "emphasize business interest over environmental protection, allow state environmental agencies to conduct business behind closed doors without public accountability, dump cleanup costs for pollution caused by known polluters on

the state's taxpayers, and encourage polluters to keep secret from communities information about environmental crimes they have committed."

Here is how CWA rated

- Observer area lawmakers:
- Bankes, 25.
  - DeHart, 100.
  - Kelly, 88.
  - Law, zero.
  - Ryan, 25.
  - Whyman, 38.

## Play it safe for kids, pets on Halloween

Parents who are concerned about the treats their children bring home on Halloween can ease their fears.

Mission Health Medical Center, 37595 Seven Mile Road, in Livonia, will X-ray children's candy free of charge from 6-9 p.m. Thursday.

Children aren't the only concerns for parents to watch during Halloween. Pet owners also should watch their little companions around the house.

Dr. Sharon Lawrenchuk, of Westland Veterinary Hospital, reminds pet owners that they should keep pets away from Halloween treats.

Lawrenchuk had these tips:

- Keep the goodies out of reach of the pet.
- Dispose of candy wrappers, sucker sticks or other discarded candy items in an inaccessible receptacle.
- Keep all pets away from the door to prevent it from frightening or injuring itself or a child.

Chocolate contains a natural occurring alkaloid called theobromine which can cause vomiting, restlessness, heart disturbances, and in some instances even death in a pet.

The lethal dose of theobromine is dependent on the size of the animal and the type of chocolate.

Estimates of the smallest amounts that can be fatal are:

Small dogs (chihuahuas, toy poodles) 4 to 10 ounces of milk chocolate or 0.5 up to 1 ounce of baking chocolate.

Medium dogs (cocker spaniels or dachshunds) 1 or 1.5 pounds of milk chocolate or 2 to 3 ounces of baking chocolate.

Large dogs (collies, Labrador retrievers) 2 to 4.5 pounds of milk chocolate or 4 to 8 ounces of baking chocolate.

Cats have different eating habits and are seldom poisoned by chocolate.

## Madonna hosts an open house

Madonna University will hold an open house for prospective undergraduate and graduate students 1-4 p.m. on Saturday, Nov. 2, in the Take 5 Lounge.

Those attending the open house will tour the campus, meet with faculty, staff and students and learn about the more than 50 career-oriented programs offered during the day, evenings and weekends. Information on financial aid will be available, and transfer students are welcome. The university's flexible schedule allows the students to attend full or part-time.

Information will be available about the graduate studies programs in the diverse areas of business, education, health services administration, hospice and nursing. Graduate programs are designed for working adults.

# River's best friends

## Awards honor efforts to revitalize the Rouge

BY KEN ABRAMCZYK  
STAFF WRITER

Eight people received awards Thursday from the Friends of the Rouge to honor their commitment to the revitalization of the Rouge River.

About 150 people attended the award ceremony at Warren Valley Golf Course. The award recipients were recognized in eight different categories in the public and private sector. The Observer & Eccentric Newspapers won an award in the media category.

Friends of the Rouge is a volunteer group of officials and citizens dedicated to cleaning up the Rouge River and promoting public awareness of the river.

The following people and organizations were recognized:

■ Jim Bugg, a middle school teacher in Southfield, educator category: In 1970, Bugg was a biology teacher, and one of his students had an idea to clean up the Rouge behind his house.

"Jim jokingly said he'd have to clean the whole river to get credit," said Jim Graham, executive director of Friends of the Rouge.

But the student persisted and soon Bugg and his students in that class initiated a cleanup effort of the nine miles of river in Southfield that grew to include city officials and residents.

■ Bill Craig, president of the Holliday Nature Preserve Association, volunteer: Craig organizes the annual cleanup at Tonquish Creek, a tributary into the Rouge. It brings about 500 peo-

ple from high schools in the Livonia and Wayne-Westland school districts.

"That cleanup always has the most activity," Graham said. "In addition to doing these cleanups, he is active in the nature preserve."

■ Farmer Jack, business/industry, for help with bottle and can collection for Friends to raise money for an education program for 100 schools.

The supermarket chain also printed special publications for shoppers about the Rouge. Paul Coleman, vice president of marketing and advertising, accepted the award.

■ Observer & Eccentric Newspapers, media. The Observer published a special section on

the river earlier this year and has been "particularly diligent in watching the effects of day-to-day activities and how they affect the Rouge," Graham said.

Banks Dishmon, Observer publisher, received the award. ■ Jack Smiley, individual: Smiley is one of the founding members of Friends of the Rouge and an active member with the Southeast Michigan Land Conservancy. He was executive director of the Detroit Audubon Society.

Today he is active in protecting undeveloped land along the Rouge, Graham said. "He has participated in the cleanup of the Rouge since he was in college at the University of Michigan-

### PROBING ANSWERS

Fairly recently, the American Dental Association and the American Academy of Periodontology standardized a screening test for gum disease called "periodontal screening and recording" (PSR). It involves the insertion of a thin, metal probe under the gumline around each tooth until the tool meets resistance. The depth of the pocket is then measured and assigned a code number. These numbers are then averaged to give the patient an overall score, ranging from zero (healthy) to four (advanced gum disease). It is hoped that Americans will come to know their PSR scores much in the same way that they now know their cholesterol and blood pressure numbers. In addition, another recent diagnostic

improvement makes use of DNA testing to identify the genetic makeup of the bacteria causing a patient's gum disease, permitting the dentist to select an appropriate antibiotic.

Gum disease is one of the most common reasons for tooth decay. At LIVONIA VILLAGE DENTAL ASSOCIATES, we encourage new research and treatment for all health care. Regular checkups and cleanings are the best protection against expensive dental treatments and surgery. We are located at 19171 Merriman Road, where we can help you find the right solution to your problem using the most modern treatment available. Please call 478-2110 to schedule an appointment. Dearborn," Graham said.

■ Southeast Michigan Council of Governments, organization: SEMCOG was involved in protecting the Rouge in the early 1960s. The group helps Friends of the Rouge by printing materials.

"They've always been there to help us," Graham said.

■ City of Westland, governmental unit: James Gilbert, housing and community development director in Westland, received the award.

Gilbert and Robert Patterson, a member of Gilbert's staff, spearheaded that city's efforts to promote the cleanup, Graham said.

"They do a lot of work with the (Holliday Nature) Preserve in Westland and Livonia, they publicize the cleanup of the river, and created a video on public access," Graham said.

■ U.S. Sen. Carl Levin, elected official: Levin received a 100 percent rating on the League of Conservation's environmental scorecard for his votes on legislation involving the environment and his support on protecting the Great Lakes.

"That's just an incredible record on voting for the environment," Graham said.

Graham said the award ceremony helps Friends show its appreciation.

"It's an important fund-raiser," Graham said. "But it's a time to stop, take a look at what we've accomplished, and celebrate the moment of saying 'thank you' to those who help us."

# State board OKs compromise on character ed policy

BY TIM RICHARD  
STAFF WRITER

Michigan public schools will get the compromise "character

education" policy drafted by State Board of Education member Dorothy Beardmore — plus a three-page preamble by Clark Durant stressing religion.

The board spent three months arguing it in public hearings and back rooms before giving it 6-1 approval on Oct. 24. Dissenting was Kathleen Straus, D-Detroit, who objected that "I want to be sure we don't inject religion."

Straus said the preamble by Durant, R-Grosse Pointe, "sounds like someone giving a speech. I don't know if it belongs in this policy statement. It's three pages of verbiage."

The one-page policy statement, which had Straus' support, said the state board "empowers and encourages public schools to provide character education in a safe setting conducive to learning, based on the principles of our governing documents, including principles of the First

Amendment (freedom of speech, press and religion), and maintaining the separation of church and state."

It was drafted by Beardmore, R-Rochester, a moderate who sometimes sides with Straus in resisting Durant's frequent efforts to inject religious quotations from the Founding Fathers into public school policy.

The policy says there are principles "which transcend religious beliefs" for an orderly and civil society. They are:

- Respect.
- Responsibility.
- Caring.
- Trustworthiness.
- Justice.
- Civic virtue.
- Citizenship.

There won't, as Straus said, be "a special class called character education where you put down your math and take up this." Rather, it will be inserted in

school curricula as appropriate.

Beardmore's compromise eliminated Durant's call for committees of parents, business and religious leaders to help make character education policy at the local level. Critics feared such committees would be stacked with religious zealots. The policy leaves each district free to implement it.

Voting yes were Republicans Durant, Beardmore, Marilyn Lundy of Grosse Pointe, Louis Legg of Battle Creek, Gary Wolfram of Hillsdale and Sharon Wise of Owosso. Leaving the meeting early was Barbara Mason, D-Lansing.

Several speakers, such as Cindy Hughey of the East Lansing board of education, chastised Durant and Wise for trying to insert sectarian religion into public schools.

Wise was quoted in the Oct. 23 New York Times as saying: "To completely erase the Word of God from our system of education is doing a tremendous disservice to our children."

"I didn't speak to that reporter," said Wise, who didn't deny the accuracy of the quote.

Robert Brown, vice president of the Jewish Community Council, said his group of 200 metro Detroit organizations had "no problem with values" but didn't want "the intrusion of religion" into schools. "Religious values are best left to the home, church, synagogue or mosque."

Mike Washburn, superintendent of Forest Hills schools and former Garden City superintendent, said "parents and guardians are the primary teachers," but character education "can't be left to chance."

Dearborn superintendent Jeremy Hughes said his district culled opinions from 800 people and came up with a poster advocating five principles: "honesty,

integrity, respect for self and others, responsibility, and courtesy."

"More and more students are coming to school without a set of values," Hughes said. "Schools can no longer sit on the sidelines. We are so fearful of teaching religion that we have treated on values."

"It is not the place of public schools to advance religious values," said Wendy Wagenheim of the American Civil Liberties Union. The Birmingham resident cited the U.S. Constitution and Bill of Rights as governing documents — leaving out Durant's favorite, the Declaration of Independence with its references to the Creator. She said Durant's unfocused preamble will "muddy the waters."

Durant's three-page preamble says the board is "alarmed with the deterioration of civility in some of our schools."

It quotes George Washington's farewell address on "religion and morality," with two references to Heaven; Abraham Lincoln's Gettysburg address with a reference to the Creator; Susan B. Anthony's championship of women's suffrage based on "immutable principles of equal rights to all"; Martin Luther King's citation of the Constitution and Declaration of Independence; and Thomas Jefferson's inaugural address, which said Americans are "enlightened by a benign religion... practiced in various forms, yet all of them inculcating honesty, truth, temperance, gratitude and the love of man."

## Seven Mile closed

Seven Mile Road will be closed this week in both directions between I-275 and Newburgh Road while contractors work on drains.

John Roach, public information manager with Wayne County's department of public services, said the road was closed Friday. It will remain closed to all but local traffic.

"We would advise people to either use Six Mile or Eight Mile roads," Roach said.

The work should be completed Friday (Nov. 1), Roach said.

ELECTION 26

WAYNE COUNTY CIRCUIT COURT

Voters will select two candidates from this field of four on Nov. 5 to fill two partial terms ending Jan. 1, 1999. Voters also will choose 12 out of 19 circuit court candidates, who will be featured in the Observer Thursday.

What is your position on court reform?

Should judges be elected or appointed? Why?

Who is the jurist you admire most? Why?

What do you consider your most important case? Why?

**Sean Cox**, Judge, 3rd Judicial Circuit (Wayne County); former partner with Cummings, McClorey, Davis & Aho in Livonia. I had a very active trial practice for 13 years before becoming a Wayne County Circuit Court Judge. Education: Detroit College of Law, JD, 1983. University of Michigan, BGS, 1979.

Our court system has evolved over several hundred years. District, circuit court and probate court have distinct functions. They provide distinct services to the community. I am not in favor of a unified court system. As society becomes more complex, we see more specialization. Specialized courts serve an efficient and important function.

I am opposed to a purely appointive process for the selection of judges. The process does not allow for accountability. The current process of electing judges falls. Too many judges are elected because they have "judicial names." In other words, their fathers and/or grandfathers were judges and the voters have been habitually voting for the name.

The jurist I admire the most is Wayne County Circuit Court Judge Kaye Tertzag. He is a very bright, hard working judge who treats all people before him with courtesy and respect.

The cases I consider the most important are the child custody cases where the judge's decision can have a dramatic impact on the future of the children involved.

**Jane Ellen Gillis**, Attorney. Fifth year of practice in probate, criminal, collection, appellate and family law. Trial experience includes over 100 bench and jury trials. Appointed special assistant attorney general in May 1995. Law clerk for the Third Judicial Circuit Court from 1987 to 1991.

Although there are numerous court reform concepts to consider, I especially support the concept of one family court, where everyone involved, including judges, have some specialized training or background that would enable them to deal effectively and efficiently with this highly sensitive area of law.

I believe in the current process of allowing Wayne County voters to elect their judges. However, changes could be implemented which would assure a more dignified election process for both candidates and voters. Elections provide Wayne County voters with the most direct means of expressing their preferences.

It is difficult to choose from the many admirable local jurists. However, I especially admire Judge Leo Cahalan's style. Most judges feel empathy towards person's appearing before them, however, Judge Cahalan is particularly gifted in his ability to convey a deep interest and compassion for the people that appear in his courtroom.

All of my cases materially affect the lives of my clients. Therefore, all are equally important and equally deserving of the best legal expertise that I can provide.

**Kenneth Hylton, Jr.** (Photo not available)

Attorney Detroit. A trial lawyer for 16 years. Tried every type of criminal case from simple assault to murder one. Tried many plaintiffs' personal injury cases. Defended the state of Michigan in highway negligence cases as a special assistant attorney general.

Until I see a reasonable plan that deals with the assignment of Detroit's criminal cases throughout the circuit court system following the merger I shall remain skeptical. I am concerned that, absent a sound plan, a case backlog will occur.

Judges should be elected. The people must be able to select those individuals whom they believe will be just and fair in the resolution of legal disputes. Educated, informed voters are capable of discerning whether a particular lawyer has the proper qualifications and temperament to sit as a judge.

I admire Wayne County Circuit Judge Edward Thomas. Judge Thomas was an experienced trial lawyer before being appointed to the bench. He treats lawyers, litigants, jurors and court personnel with respect. He is always prepared and he works hard.

At this time my most important case is Cebreo v. Music Hall, which I recently won before the Michigan Court of Appeals. The opinion clarifies the appropriate legal standards for the application of the Michigan Handicappers Civil Rights Act in determining whether a theater has made appropriate accommodations for handicapped individuals.

**Kirsten Frank Kelly**, Wayne County Circuit Judge. Nine years judicial experience on the municipal, district and circuit court levels. Was a practicing attorney for over 13 years, practicing in all areas of the law. I currently serve on the Circuit Court Executive Committee, the Tort Reform Committee, and the Michigan Judges Association Domestic Relations Committee.

The recent legislation establishing a family division was a much needed reform. Previously, a family was torn between different courts and different judges. Under the new legislation, there will be one judge assigned to handle all issues facing a family.

Elected, but there should be minimum requirements for individuals running for judge. I support the passage of Proposal B which requires that judges have a minimum of five years of practice.

Court of Appeals Judge Maura Corrigan. She is a respected scholar, hard working and always prepared. Her opinions are well reasoned and based upon sound principles of law. Each person appearing before her is treated with professionalism, respect and courtesy.

The most important cases are those that impact families and children - whether it be divorce, domestic violence and/or custody issues. These cases have the most significant and lifelong consequences on the individuals involved. They are the most difficult because they go to the very heart of the family.

## BEAUTY AND THE BEST

Jeffrey Bruce

## Find the real you but stay current in look and style

BY JEFFREY BRUCE  
SPECIAL WRITER

Autumn is different in the beauty and makeup world... it is the *beginning* of the season.

After the summer where minimal make-up, simple hairstyles and relaxed fashion are the routine, fall is time to get the children back to school, reassess the wardrobe, figure out the upcoming social season, and plunge into make-up again.

This is the first of, I hope, of a new monthly beauty column in the Observer & Eccentric Newspapers for both men and women.

Together we will try and wade through the minefield of the beauty business sorting out trends from trendiness, facts from fiction, and perhaps having some fun along the way. You can't take fashion too seriously — well, you can, but that is another story.

### Historical perspective

Let me introduce myself to those of you who haven't seen me on the old Kelly & Co. television show, or national programs where I made guest appearances performing "makeovers." My training in the business was similar to being thrown into the deep end of a swimming pool. The first two positions I held were with Estee Lauder and Revlon — an intense learning experience, where I quickly figured out that I was not destined for the corporate beauty world. My next move was to freelance with a number of Hollywood names, and as much as I enjoyed that experience and gathered a lot of great stories, it was also soon time to move on.

In 1980, I introduced my own line of cosmetics and skin care, and I have been working consistently in Detroit-area salons ever since. I enjoy the one-on-one connection with clients who care about putting their best foot forward.

With years of experience behind me now, everything old is new again. I have seen styles change, designers come and go, the natural look come and go... and come again.

There are only so many colors, only so many ways to wear your hair, despite the photos you see each year from the Hair Shows. The real trick is to sort through all the sound-bites and find which look works for you, a style that is relatively simple, sophisticated, flattering and *not dated!*

### The real you!

Best of all, is a look that will stay with you and with just the smallest of adjustments, work for you through the decades. Yes, we all fell for the Dorothy Hamill Wedge and the Farah Fawcett Flip, but in the search for classic beauty, it is not great to look at photos more than 10 years old and wince!

There are as many definitions of beauty as there are women. It would be easy to just give you a list of names, probably the same ones that are on every year-end list, but if you want to understand what I am happiest recommending, just look at two — Candace Bergen and Lauren Bacall.

Their beauty is timeless, yet there is no mistaking their ages. They look as they should, and they look great, (especially since Candace's haircut.) Neither is stuck in a time-war, their hair looks contemporary, and their fashion sense is classic.

Examples of fashion disasters are all too easy to come upon, and I don't want this to turn into a column ala Mr. Blackwell. But I also have no intention of being a public relations extension of the cosmetics industry. If you want to read an objective opinion, that is what you will get here. I will look at the realm of beauty on both a local and national level, and it should make for must-read copy.

If you have any beauty questions, or suggestions for upcoming columns, I welcome your input and I will answer your concerns.

Write me, send your photos, c/o Beauty & The Best, Malls & Mainstreets, 805 East Maple, Birmingham, MI 48008.

In November, I will be appearing at a number of locations in the metropolitan area — Livonia, Green Pointe, Clinton Township and Waterford, to name a few.

To find out the location nearest you, please call 1-800-644-8588.

## Pied Piper of fitness visits mall

Bob Greene, personal trainer to Oprah Winfrey, leads Oakland Mall walkers through their paces during a promotional visit to the shopping center in Troy on Oct. 19. Afterward, walkers were treated to a fashion show of the latest workout wear.

Greene stayed to autograph copies of his best-selling book, "Make The Connection: 10 Steps to a Better Body." He's pictured above signing an inside cover for Kathryn Yaklin of Bay City.

## The Perfect Gift

Do you remember the best holiday gift you ever received? Was it a pair of ice-skates when you were 10? The four-slice toaster the year your fourth child was born? The framed finger painting from your 5-year-old grandson?

The Eccentric Newspapers wish to publish readers' recollections of their very best gifts ever and what made them so. In a special gift guide on Dec. 12, 1996.

Just jot down your memories, 150 words or less, and mail them to: Susan DeMaggio, c/o The Birmingham Eccentric, 805 East Maple, Birmingham, MI 48009.

Be sure to include your name and phone number in case there are questions. Stories selected will be based on the gift's uniqueness and impact on your life. Published stories will win for their author, a special gift from the newspaper.

So... Now do you remember the best holiday gift you ever received?

Deadline for stories is Friday, Nov. 8 at 5 p.m.

## Alexandra Stoddard mixes fashion and fun at Nordstrom event

A feel-good morning gave Nordstrom shoppers a smile.

BY SUSAN DEMAGGIO  
STAFF WRITER

Mixing philosophy and fashion inspired the 400 women who arrived at Nordstrom early last Saturday morning to hear author Alexandra Stoddard, and see the retailer's collection of fall and holiday designs.

The joyful mood was set by a very trim, energetic Stoddard who took to the runway in a lavender suit with matching hose and shoes, a multi-colored scarf tucked under her collar.

She talked about the popularity of her 20-some books, and reminded the crowd of her message: happiness lies in celebrating the routine moments of life, of finding joy in rituals like taking a hot bath, writing a letter to a friend, or reading a good book in bed between satin sheets.

Stoddard opened her speech to feedback from the audience. Testimonial after testimonial praised the impact of her thoughts and ideas on the lives of others.

Many guests were pals who thought the morning a perfect way to celebrate their friendship. Sue Sadler of Waterford invited Linda

Patten of Orchard Lake. Teri Nottoli of Rochester invited Susan Barnett who drove in from Lebanon, Indiana just to see "Alexandra."

"We wanted to meet her, see her in person," said Nottoli. "What great energy she has."

Nordstrom's Terri Rose explained that the Breakfast Series is offered "to provide a venue for informing our customers about what's going on with lifestyle and fashion, in an intimate setting."

Last month's guest was news-woman Paula Zahn. On Nov. 9, CNN's fashion editor Elsa Klensch visits. Tickets are \$10.

### Classic styles

A 45-minute fashion show featured very Town and Country looks presented to tunes like Frank Sinatra crooning "The Way You Look Tonight," Tom Jones wailing "She's A Lady," and Eartha Kitt singing "Hey, Daddy, You Ought To Get The Best For Me."

This later segment saluted the basic black dress, turned out in lace, satin, and velvet. For the glamorous who dare, Nordstrom offered gloves and suits with cuffs trimmed in Maribou feathers.

Layering garments of polar fleece got a new twist from the pairing of bold-colored vests, sweaters and jackets with black leggings.

## Many malls open for tricks/treats

**Gas and Grins**

When customers pull up to the Mobil Station at Maple and Adams in Birmingham, manager Linda Chapman has a surprise for them. Instead of advertising the price of an oil change or windshield washer fluid, she uses the electronic display on the pumps to tell jokes and riddles.

"I've been doing it for about six months and customers love it," she laughed. "I pull the jokes off the Laffy Taffy candy wrappers and theme them to the time of year."

This month in honor of Halloween, Linda asks, "What kind of eggs does an evil chicken lay?" Deviled eggs, of course.

What do you call two bananas? A pair of slippers.

**Save the holidays!**

Unlike most other retailers who see no problem in displaying witches and pumpkins along with turkeys and snowmen, Nordstrom will save their holiday merchandise and decorations for after Thanksgiving Day.

According to spokeswoman Terri Rose, shoppers won't see any trees or Santas until after Nov. 28.

"On the night before Thanksgiving when the store closes, the staff, their and families and some community groups show up like elves to decorate the whole store in about eight hours. It's a party. We put up 1,500 poinset-

tias, more than 65 trees and 3,000 ornaments. It's a tradition at every store."

**Toy Traders opens**

Westland Center welcomes the second Michigan location of Toy Traders, a used toy store where customers can sell outgrown toys and buy different ones at half-off the original price. Owners Marion and Bill Harbin of Rochester, opened the first Toy Traders in Utica at Shelby Corners in July. The store is on the lower level of the mall across from an area designated "Just For Kids."

**Organizational changes**

Due to the merger of Parisian with Proffitt's that was completed Oct. 11, several management changes were announced. Donald Hess continues as chairman of Parisian's and has joined the board of directors of Proffitt's.

The formation of a merchandising group to be headquartered in Birmingham, AL, will coordinate merchandise planning, marketing, visual and brand development for the various department store chains - Younkers, McRae's, and Proffitt's under the direction of Younkers CEO, Robert Mosco.

The company hopes the new group will "facilitate the execution of our marketing strategy to run separate divisions with regional merchandise assortments and execution, while enjoying "chain store" vendor relationships and economics."

The combined divisions operate 141 stores in 20 states with annual revenues of \$2 billion.

**New book sheds light**

Two East Lansing women

have penned "Ways You Can Help: Creative, Practical Suggestions for Family and Friends of Patients and Caregivers." Margaret Cooke and Elizabeth Putnam combine experiences with a child's leukemia and living with multiple sclerosis to shed light on helping loved ones through difficult times. The book is \$9.99 and available through most book stores.

**Breast feeding boutique opens**

Diane and Jim Mulanos have opened their third breast feeding boutique, Maternal Expressions, at 9819 Newburgh at the corner of Ann Arbor Trail in Livonia. The pair have two other locations in Troy and Roseville. For more information call (810) 462-4820.

**Hudson's debuts shops**

"Distinguishing accents for the home" are presented in a "lifestyle environment" at all Hudson stores this week, except Woodland Mall in Grand Rapids.

Etcetera Collections will feature several themes which will change every three months.

**Store expands operations**

Paulson's Audio & Video moved to a larger store within the Halstead Village, 12 Mile and Halstead in Farmington Hills. The new location provides space for five home theater rooms with televisions varying in size from 40-inches wide to 10 feet tall. Hear the latest home theater sound systems and see audio/visual furniture.

For more information call (810) 553-4100.

**Mall hosts "Jackie" photos**

The Somerset Collection will host "A Tribute to Jackie" with 75 intimate photos taken by Jacques Lowe during the White House years, Oct. 30-Nov. 8.

The exhibit was produced by the Leukemia Society of America. Onassis was stricken with non-Hodgkins lymphoma. She died four months later.

**Santabear 1996**

Collector's note: Hudson's 12th Santabear is dressed as a fire fighter with a fire safety tips book and a First Alert Smoke Detector. Santabear (\$37.50) and his companion Miss Bear (\$22) are available while supplies last.

# BECAUSE

Your needs for excellent healthcare haven't changed. You still demand and deserve the very best quality available. But the times have changed. A lot. People today are working longer and harder. And the population has spread throughout the 26 communities we serve. So time and convenience are more important than ever.

# YOUR HEALTHCARE

Oakwood Healthcare System fully recognizes these changes. Including the fact that since so many things are done outside hospitals these days... people are spending less and less time in them.

We've been acting upon these changes. Acting to make healthcare more convenient and more relevant and more accessible for you. Because everybody here is thinking hard about your changing healthcare needs.

# needs

Today, we already have over 30 outpatient, urgent care, local health care and specialty centers readily available to you. Convenient to you. Dedicated to you. And we have nearly 20 more in the planning stages. Healthcare when and where you need it. Because everybody here is thinking hard about your changing healthcare needs.

# keep CHANGING

We offer hundreds of doctors. In virtually every kind of specialty. And access is easy. Because Oakwood care is pretty much everywhere. In over one hundred locations. And because you're working longer hours, we're beginning to offer much more convenient hours. Including 24-hour per day, 7-day per week Urgent Care. Because everybody here is thinking hard about your changing healthcare needs.

# SO DO WE

If you're interested in knowing more about the current state of your health, or in attending one of our health education classes, or a physician referral...we have a Health Line. Just call 1-800-543-WELL.

At Oakwood Healthcare System, we're thinkers. And doers. We've recognized that your healthcare needs have changed. So have we. By satisfying your every healthcare need. For the better. For the future. For you. **1-800-543-WELL**

### TASTE BUDS

CHEF LARRY JANES

## Readers call for salad, soup recipes

Requests for hot and hearty soups, coupled with other seasonal requests, have made this month one of the busiest ever recorded on my voice mail.

I've been writing for the Observer and Eccentric Newspapers for more than ten years, and have never received so many requests for a recipe mentioned in my column. I'm referring to the October 7 column where I talked about my good friend Jane Brown from Canton, and her Oriental Salad recipe. As of this writing, my voice mail recorded more than 115 calls from readers requesting Jane's recipe. This is a definite clipper folks, and if Jane Brown (who doesn't cook very often) can make it, you can too.

### JANE'S ORIENTAL SALAD

- 4 cups cooked chicken breast, chopped (about 8 half breasts)
  - 1 (16 ounce bag) colorful coleslaw mix (Jane says to use the one with carrots and purple cabbage)
  - 8 green onions, chopped fine
  - 1 cup slivered almonds
  - 4 tablespoons sesame seeds
  - 2 packages Ramen noodles (Oriental flavor)
- Dressing:
- 1 cup vegetable oil
  - 6 tablespoons rice vinegar
  - 2 seasoning packages from Ramen noodles
  - 2 tablespoons sugar
  - 1/2 teaspoon each salt and pepper

In a large bowl, combine chicken breasts, coleslaw mix and green onions. Mix well, set aside. Lightly toast almonds and sesame seeds in a heavy skillet over medium heat, shaking constantly, until fragrant and golden. Cool. Sprinkle on top of salad mix. Crush Ramen noodles and add to salad mix. Toss gently to mix well. Set aside.

In a separate bowl, combine oil, rice vinegar, seasoning packages from Ramen noodles, sugar, salt and pepper and whisk until combined. Just before serving, pour dressing over salad and mix well.

Serves 10-12. (Recipe can be cut in half)

Bill Juddawckes of Livonia said nothing warms his heart more in the fall and winter than a bowl of spicy Cuban Black Bean Soup.

Well Bill, I've tasted quite a few, and nothing gets better than a recipe from "The Joys of Pressure Cooking" by Kitchen Glamor maven Toula Patsalis. (copyright, 1990, Kitchen Glamor Inc. \$16.95)

### SOUTH OF THE BORDER BLACK BEAN SOUP

- 3/4 pound dried black beans
- Water
- 1/2 pound smoked bacon, cut into 1/2 inch pieces
- 1 cup minced onion
- 1 tablespoon minced or crushed garlic
- 1/3 cup olive oil
- 1/4 cup chopped cilantro
- 1 1/2 teaspoons coarse sea salt
- 2 bay leaves
- 2 teaspoons chili powder
- 1 teaspoon dried oregano
- 1 teaspoon crushed red pepper flakes
- 1/4 teaspoon dried cumin
- 5 cups canned or fresh beef broth
- 2 tablespoons tomato paste
- 2 tablespoons brown sugar
- 2 teaspoons Worcestershire sauce
- 1/8 teaspoon hot pepper sauce
- 1 cup (4 ounces) grated Monterey Jack cheese

Place beans in a bowl. Add water to measure 2 inches above the beans. Soak for 6 hours, drain. In a pressure cooker or heavy saucepan, saute bacon, onion and garlic in hot olive oil for 3 minutes. Add beans, seasonings, broth mixed with tomato paste, brown sugar and sauces. Stir until thoroughly mixed.

Secure pressure cooker lid. Over high heat, develop steam to high pressure. Reduce range heat to medium and cook for 18 minutes. (If cooking conventionally, bring to a boil, reduce heat to medium and cook, stirring occasionally for 2 hours or until beans are tender.) Release steam according to manufacturer's directions. Remove lid. Stir soup. Remove bay leaves.

Either serve soup chunky or pour soup into a processor or blender and puree. Serve hot, garnished with grated Monterey Jack cheese. Prepared soup may be frozen. Serves 6.

# Introduce 'HERB' to entrees

We can probably thank primitive man for showing us the magic of herbs in cooking. One day, he decided to wrap his meat in the leaves of a nearby plant. To his surprise, what resulted was flavor like never before. What early man discovered, later created a flavoring frenzy 'round the world. Famous explorers and traders endured "rough waters" to bring precious herbs and spices from the faraway East to their homelands and then to America.

Today, there's never been a more diverse array of herbs to choose from to please the palate. Just peruse the spice section of your local supermarket, and you'll find easy-to-use herbs that can transform ordinary entrees into meals with pizzazz and style.

Unlike salty, high-fat creams and sauces, herbs combine with foods to enhance flavor, never mask or overpower it. Herbs are also a great low-fat way to add taste without adding fat and calories.

Though they share many of the same qualities, herbs have distinct differences important to note when planning and preparing your favorite meals. According to McCormick/Schilling, makers of a wide variety of dried herbs and spices, the most common herbs used today are basil, dill weed, oregano and parsley.

### For best results, follow these hints

- In stews and sauces, add herbs in the last 20 minutes of cooking to retain the greatest flavor.
- In microwave recipes, more herbs may be needed due to the reduced cooking time.
- Store dried herbs and spices in airtight containers in a cool, dry place like your pantry and away from heat and sunlight.
- Herbs lose strength over time so it's a good idea to test for freshness: Crush herbs in your hand. If you don't smell the aroma, it's time to buy fresh product.

### Popular flavor enhancers

Here's a quick look at other popular herbs and their uses:

#### Bay Leaves

Robust and aromatic. Use to flavor meats, vegetables, soups, sauces and custards.

#### Chives

Milder than its cousin, the onion, chives enhance fish, veal, pork and chicken. Great for soups and, of course, a terrific topping for baked potatoes.

#### Cilantro

The indescribable flavor in Mexican dishes and salsas. Known as "Chinese parsley," it adds pungent taste to Asian soups, fish and noodle dishes.

#### Rosemary

Fresh, sweet with a piney aroma, rosemary's distinctive flavor blends well with lamb, pork, potatoes, fish, poultry and breads. Especially good on grilled meat and in roasted potato dishes.

#### Sage

Distinctly fragrant with piney and bitter flavors. Sage is perfect for pork, especially pork sausage, other kinds of meats and stuffing.

#### Thyme

A warm, pleasant herb used to flavor chowders, meat, Creole seafood dishes, stuffing and vegetables. It's dynamite in vegetarian dishes, especially bean soup.

### The basic big four:

#### Parsley

Parsley was used to flavor and garnish food as early as third century B.C. The curly-leaf variety, grown primarily in California, is the source of parsley flakes. This highly versatile herb brings out the flavor of other herbs and seasonings. It adds flavor and visual appeal to everything from salads, soups and pasta to shellfish, meats and poultry. Parsley's mild flavor and form are perfect for rice dishes.

#### Dill Weed

Dill Weed, a member of the parsley family, has a subtle, sweet flavor. Dill, believed to have magical properties, was used to ward off witches, cure hiccups and help people sleep. Dill is native to Europe but is now grown commercially in the U.S. Use Dill Weed in salads, sauces, egg dishes and especially to flavor seafood — salmon is at its most scrumptious when flavored with dill.

#### Oregano

Oregano is native to both the Mediterranean and Mexico. The Mediterranean form has a slightly bitter, minty taste and is used primarily in Italian dishes. Mexican oregano is more potent and used in chili powder and Mexican cooking. Oregano can be used in a wide variety of dishes and is fabulous in fresh salads, egg dishes and quick breads. Oregano is a must-have for pork.

#### Basil

Basil, a member of the mint family, is native to India. Ancient Hindus believed basil served as their passports to heaven. Basil is certainly heavenly when married with tomatoes and tomato sauces. Basil is essential in Italian sauces and pastas.

## Michigan chili cooks earn hot reputation

BY KEELY WYGONIK  
STAFF WRITER

Michigan cooks are earning a national reputation for good chili.

Georgia Weller of Bloomfield Hills took the first place, \$25,000 grand prize, in the 30th annual World's Championship Cook-off at the Reno Hilton on Oct. 6.

Weller credited luck and her blend of spices for earning top honors. "My chili is not real hot, but I'd say it's on the stronger side. It has a good overall flavor... no one spice stands out."

She competes in about 20 cook-offs a year and won the New England regional title to qualify for the Reno event. This was the seventh straight year she had competed for the world title. She out cooked 114 other regional

and state winners from 46 states and six foreign countries, including Australia, West Germany and South Korea.

Marilyn Frederick of Farmington Hills, who competed in the semifinals at the World Cook-off, on Oct. 5, placed first in Plymouth's Great Chili Cook-off Oct. 13 to win \$500 and a trophy. She's now eligible to compete in the 1997 Michigan State Cook-off to be held in September at Five Lakes Grill, Milford.

Her husband, Ray, who won the state cook-off on Sept. 8 to qualify for the finals at the World Cook-off, placed second in Plymouth winning \$200 and a trophy.

Third-place winner Leonard Swartz received a trophy and \$50, Ken Brundage, placed fourth, and Dave Tennant, fifth. Leo Buk of

Corey Smithfield of Rochester Hills called, and said she's getting ready to send her relatives in South Africa a holiday package, and was hoping I could supply her with an easy fudge recipe that travels well.

Here's an easy recipe, and when packed in a tin, should have no problem traveling anywhere.

## NUTTY MILK CHOCOLATE FUDGE

- 1 1/2 sticks (3/4 cup) unsalted butter
- 1/3 cup evaporated milk
- 1/4 cup sugar
- 6 ounces milk chocolate, finely chopped
- 6 ounces semi sweet chocolate, finely chopped
- 1 cup marshmallow cream
- 1 cup peanut butter chips
- 1/2 cup unsalted, roasted peanuts, coarsely chopped

Line an 8-inch square pan with foil. Lightly butter the foil. In a heavy medium saucepan, combine the butter, evaporated milk and sugar. Bring the mixture to a boil, stirring constantly to dissolve the sugar.

Reduce the heat and boil gently, without stirring for 5 minutes. Remove from heat and stir in the milk chocolate, semisweet chocolate and marshmallow cream; whisk until smooth. Set aside to cool to lukewarm.

Stir in the peanut butter chips and peanuts. Pour the mixture into the prepared pan and refrigerate until set, about 3 hours. Cut into squares. Makes about 2 pounds.

Steve Kneidel of Farmington Hills called requesting a recipe for an "easy" corn chowder.

Well Steve, all I had to do was call momma — here's a recipe she made for the family, and it

can't get much easier. Enjoy!

## CHICKEN CORN CHOWDER

- 3 strips bacon
- 1 small onion, chopped fine
- 1 chicken bouillon cube
- 1/4 cup boiling water
- 1 (10 1/2 ounce) can condensed cream of chicken soup
- 1 (1 pound) can cream style corn
- 2 cups milk
- 1/4 teaspoon thyme
- 1/2 teaspoon celery salt
- 1/8 teaspoon ground sage
- 1/4 cup chopped parsley

Fry bacon until crisp in a heavy 2 quart saucepan. Drain and crumble. Set aside. Saute onion in bacon drippings until tender, about 2 minutes; drain of drippings. Dissolve bouillon cube in

boiling water; combine with remaining ingredients and stir into onion mixture. Bring to a boil, reduce to a simmer and enjoy. Makes 6 servings.

Jan Hemmering of Garden City said we should try to offer our readers more healthy recipes. Well Jan, we hear you loud and clear. Here's a hearty, healthful vegetarian chili that will surely take the chill off a fall day!

## VEGETARIAN CHILI

- 1/2 cup bulgur wheat
- 1 cup boiling water
- 1 tablespoon olive oil
- 8 green onion, thinly sliced
- 3 cloves garlic, minced
- 2 green bell peppers, seeded and cut into 1/2 inch squares
- 1 pickled jalapeno pepper,

- seeded and minced
- 2 large carrots, thinly sliced
- 2 teaspoons chill powder
- 1 teaspoon ground cumin
- 1 teaspoon dried oregano
- 1/2 teaspoon salt
- 2 (19 ounce) cans black beans, drained and rinsed
- 1 (14 1/2 ounce) can no salt added stewed tomatoes, chopped with their juices
- 1 (8 ounce) can no salt added tomato sauce
- 1/4 cup reduced fat sour cream

In a small bowl, combine the bulgur wheat and the boiling water. Set aside to soak while you prepare the rest of the chili. In a Dutch oven or large saucepan, heat the oil until hot but not smoking over medium heat. Add half of the green onions and the garlic and cook until softened, about 2 minutes. Add the bell peppers and

jalapeno and cook, stirring frequently until the bell peppers are tender-crisp, about 4 minutes. Add the carrots and cook, stirring frequently until they are tender crisp, about 4 minutes. Add spices, black beans, stewed tomatoes and sauce. Bring to a boil. Drain the bulgur and add it to the pan. Reduce heat to a simmer, cover and cook until the chili is lightly thickened, the flavors blended, about 7 minutes. Serve with the sour cream and remaining green onions. Serves 4.

Each serving has 8 grams fat (20 percent of calories from fat) 360 calories, 1.8 grams saturated fat, 62 grams carbohydrate, 17 grams protein, 5 mg. cholesterol and 840 mg sodium.

### Eye Specialists with a Vision.

As founders of The Michigan Eyecare Institute, Dr. William Myers and Dr. Mark Rubinstein have been at the forefront of ophthalmologic breakthroughs.

Dr. Myers is the first ophthalmologist currently practicing in Michigan to utilize Radial Keratotomy — the breakthrough procedure to correct nearsightedness.

In addition Drs. Myers and Rubinstein were the first ophthalmologists in the state to develop or utilize:

- YAG laser surgery for treatment of secondary cataracts.
- Nova Curve lens, designed especially for the YAG laser surgery.
- Excimer laser surgery for treatment of glaucoma.

Drs. Myers and Rubinstein conduct courses in surgery and have lectured on their state-of-the-art surgical techniques to other physicians throughout North America, Europe, Russia and the Far East. # Juice bars gain in popularity

BY LOIS THIELEKE  
SPECIAL WRITER

Trendy...yes. Good for you...yes. It's the era of juice bars.

Coffee bars are still popular but gaining are the juice bars. They began on the West Coast and are slowly moving this way. Juices made from beets, carrots, spinach, cabbage, pineapple, banana, papaya, apple, pear, etc. are truly a nutritious cocktail.

Health experts still prefer you get your fruits and vegetables by eating rather than drinking them, but this is a good alternative. Drinking juice is an easy way to meet the daily goal of five to eleven servings. You lose the fiber in juice extraction but not the nutrients. Actually there are more nutrients in a glass of juice because it takes more fruit to make a full glass. For example, one eight-ounce glass of orange juice has twice the folic acid as one medium orange.

Some of the more popular and familiar fruit juices such as apple, cranberry and orange have been around for generations. One eight-ounce glass of apple juice has 295 milligrams of

potassium, more than a half of a banana. Apple juice does not cause heartburn because of its lower acid content.

Cranberry juice is a powerhouse of vitamin C. Since the cranberry is so tart, lots of sugar and water have been added, but the calories are comparable to other juices. Commercial cranberry juice is usually made from concentrate with bottled sweetness. Many health experts believe that cranberry juice contains a substance that keeps bacteria from causing bladder infections.

The most popular American juice is orange juice. One cup provides up to twice the daily requirement of vitamin C. Orange juice also contains folic acid, a must for pregnant women to cut down the risk of premature delivery and birth defects. Orange juice also has lots of potassium, which is important in controlling high blood pressure.

Tomato juice is low in calories but rich in vitamin C and other antioxidants that may lower the risk of stomach cancer. One small problem is the sodium content of tomato juice, so read the

labels to purchase a lower sodium product. Buy the lower sodium canned tomato juice, then pour into a glass bottle and add one green onion and one stalk of celery (but cut up). This improves the flavor immensely.

Carrot juice is gaining in popularity. This juice contains vitamin C, potassium and carotenoids (vitamin A), so it has many health benefits. A tall glass of any of these juices certainly beats drinking alcohol, sugar or caffeine-loaded beverages.

There are costly juice machines, but at home many just use a kitchen blender, which makes the juice more like a thick puree. It can be served that way or diluted with orange juice, apple juice or another vegetable juice.

Juices tend to take on strange flavors when stored carelessly or in warm temperatures. Canned juices taste better if they are transferred to a glass container after opening. After opening juice and letting it sit for a couple of days, it may taste stale. Revive any juice by aerating it. Just swish the juice until a little

foam appears or pour it back and forth from container to container.

Fruit juices are a nutritious way to quench your thirst, but be careful - too much of a good thing can cause some children stomach problems. Young children may develop diarrhea, cramps or bloating from too much juice.

The juice bar may not be here yet, but you can make juices yourself or buy them in a store. Juices may be the smartest and easiest way to get plenty of fruits and vegetables.

(Lois M. Thieleke is an extension home economist with Michigan State University)

Mighty good: This mushroom and broccoli bugur is a delicious way to combine mushrooms with wholegrain and a nutrient rich vegetable.

## Tips on how to buy juice

If you're buying juice, read the label to make sure you're getting exactly what you want.

■ No added sweetener means no sugar, corn syrup or artificial sweeteners have been added. However, apple or grape juice may have been added as the sweetener.

■ 100 percent juice means the drink contains whatever fruit is featured on the label plus other juices. It could have as little as 5 percent of the featured fruit, so it may be a combination of fruit juices.

■ "Not from concentrate" means it has been freshly squeezed, preserved by heat pasteurization.

■ "From concentrate" means the fruit had been partly dehydrated and needed to be rehydrated to regain its normal strength later.

## Mushrooms are elegant

Mushrooms have been used for centuries as an elegant addition to daily dining. The mushroom mystique remains, but now we have many more varieties readily available and many more ways to incorporate them into our daily diet. Mushrooms can be eaten raw as a crudite, baked on pizza, sauteed in a sauce, marinated in antipasto, or stuffed as an hors d'oeuvres. Try them cooked in soup, tucked in a sandwich, folded in an omelet, tossed in pasta, sprinkled on meat, or cut up in a salad. In all shapes, sizes and flavors, mushrooms can add panache to nearly any food.

Americans eat three-quarters of a billion pounds of mushrooms per year. While much of that is domestic white mushrooms, the use of more exotic kinds is also on the rise. Full-bodied shiitakes have a meaty flavor that is the perfect complement to stir-fries, pastas or soups. The soft texture of oyster mushrooms makes them ideal to serve sliced raw in

salads, or lightly cooked in chicken and seafood dishes.

Try the light, mild flavor and crisp texture of raw Enoki mushrooms tossed in a salad, or used as a garnish for soup. Morels are the best-known wild mushroom in America, with a distinctly nutty flavor that's delicious in soups and stuffings. Wood ear mushrooms are often found in dried form and retain their crunchiness even after reconstituting with water. They add great texture to complex dishes like stir-fries and casseroles.

The popularity of saucer-sized Portobello mushrooms has made grilling a popular method for cooking mushrooms. Simply cut off the stem, gently rub the cap with olive oil and accent their earthy, flavor with a bit of salt, black pepper and a pinch of dried thyme. Grill the mushroom over medium heat on each side for two to three minutes, until tender. Top the Portobello with a fresh fruit salsa for a spicy sweet flavor and a bright dash of color.

Trenton placed first in the best booth/showmanship category.

In the salsa competition, which drew 29 entries at the Plymouth cook-off, Judy Thomas placed first to win \$50 and a ribbon, Debbie Walter, second, and Chris Hibbard, third. They were anywhere from pureed to chunky and from barbecue to excessively

hot, one of the more unusual sweet barbecue to taste to on fire-mayor Ron Loiselle

"I was really surprised," said Marilyn about her victory in Plymouth. "I made a good pot of chili, but I've made better."

"My pot was good," said Ray. "It was right on, but there were a lot of good cooks here."

"Georgia's chili was incredible," said Pat Wilhite of Wixom, former office manager of the Lark restaurant in West Bloomfield who judged the semi-finals at the World Cook-off on Oct. 5. "For the first time in the World Cook-off there was a 16 point spread between the first and second place winners."

chicken broth. Cook 1/2 hour on simmer. Add beer. Cook 1/2 hour longer. While meat cooks, rub separate pan with 2 tablespoons of minced garlic. In this pan, saute chopped vegetables in the oil until soft. Add vegetables to meat mixture with tomato sauce and remaining ingredients. Stir well and bring to a boil. Reduce heat and cook 1 1/2 hours until thick. Serves 6-8.

# TV show focuses on projects for home

"Our House," a weekly television show about economical, energy-efficient home projects, has returned to WDIV-TV 4 for another 13-week run.

The 30-minute program, presented as a public service by Detroit Edison, local Carrier heating and cooling dealers, the Observer & Eccentric Newspapers and WNIC-FM, will air at 6:30 a.m. Saturdays through Dec. 7 on WDIV-TV (Channel 4).

"Our House" is co-hosted by home improvement expert Tom Tynan and associate Paula Engel. They will show viewers how energy-efficient home improvements affect the size of their utility bills while providing a beneficial environmental impact.

"Our customers will discover economical ways to improve their homes," said Robert J. Buckler, senior vice president,

Energy Marketing and Distribution.

"The tips and information can be put to use by even the most novice do-it-yourselfer." He added that using less energy helps Detroit Edison postpone the need to build new power generating plants, which also lessens the potential for higher electric rates.

Each week, Tynan and Engel will focus on a different part of the home where improvements can result in energy efficiency and cost savings, such as windows, kitchens and interior designs.

"Our House" also gives viewers an opportunity to send home improvement questions to Tynan for an answer on the show. Questions can be mailed to Our House, c/o Detroit Edison, 200 Second Ave., Detroit, 48226.

# Diggers urged to call

Before turning the first spadeful of earth for a tree, fence or deck foundation, Detroit Edison advises customers to call MISS DIG to request free location markings for underground public utility lines or assistance with overhead electric lines.

A free phone call can prevent injury to a do-it-yourselfer or damage to overhead electric or

underground public utility lines that could interrupt utility service, said Glenn Spence, retail customer marketing representative for Detroit Edison and president, MISS DIG System Inc.

Call MISS DIG at 1-800-482-7171 weekdays between 6 a.m. and 7 p.m. at least three working days before you expect to begin an outdoor project.

## OSTEOPOROSIS AND YOU

by Irene Metro, M.D.

Enjoying

Did you know that 50 percent of the people who receive bone fractures as a result of osteoporosis are disabled or never walk again? Osteoporosis is a disease in which the bones become fragile and can break easily. Skeletal mass usually reaches maximum levels by age 35 and declines in women after age 40 and in men after age 50. Loss of height and a "stooped" posture are signs of severe bone loss.

**Risk Factors**

- Millions of Americans are at risk for osteoporosis. Risk factors include:
- Age** - The risk of osteoporosis increases with age. Post-menopausal women are also considered high risk.
- Gender** - Women are five times more likely to develop osteoporosis than men because of biological changes involving menopause.
- Race** - Caucasians and Asian women are more likely to develop osteoporosis.
- Body Structure** - Small boned, thin women are at a greater risk.
- Lifestyle** - Bones can be weakened by smoking, over-consumption of alcohol and caffeine, and inactivity. Additional risk factors include a family history of osteoporosis, certain medications and eating disorders such as anorexia.

**Prevention**

Building strong bones before the age of 35 is an important part of preventing osteoporosis. You can help build bone density by making sure your diet contains the required

amount of calcium, and Vitamin D supplements, by avoiding smoking and alcohol consumption, and doing "weight bearing" exercises such as walking, swimming, and bicycling. To help discover early on if a patient is at risk for osteoporosis, physicians use a simple procedure to measure bone density. Bone density measurement is available at Oakwood Hospital and Medical Center - Dearborn and will be available at the Oakwood Healthcare Center - North Westland in November.

**Treatment**

After a diagnosis of osteoporosis is made, you can either try to stop bone loss or increase bone density. Physicians recommend calcium for osteoporosis victims along with special precautions to prevent falls. Calcitonin and bisphosphonates, both bone density building drugs, are often prescribed. Estrogen Replacement Therapy, the use of prescription estrogen pills for at-risk patients, protects against further bone loss, and offers other benefits including reduction of heart disease risks and relief of menopausal symptoms. However, in the battle against osteoporosis, prevention is always the best defense.

Dr. Metro is an internal medicine physician on the staff of Oakwood Hospital Annapolis Center - Wayne. She will maintain a private practice at the Oakwood Healthcare Center - North Westland.

## OBSERVER SPORTS SCENE

### Lady Ocelots clinch tie

Michelle MacRae finished with 14 kills and eight blocks Thursday, leading Schoolcraft College to a 7-15, 15-7, 15-5, 16-4 women's volleyball triumph at Oakland CC.

The Lady Ocelots, ranked No. 18 in the latest National Junior College Athletic Association poll, finished 8-2 in the Eastern Conference of the Michigan Community College Athletic Association, tied with Henry Ford and Flint Mott.

Jamie Clark (Livonia Churchill) contributed 11 kills, 21 digs and had 44 receptions for Schoolcraft, now 20-9 overall.

Other standouts include Hermina Angeles, 10 kills and 27 digs; Yvette Sixbey (Garden City), 9 kills/300 hitting percentage; and Stacy Sailus, nine blocks.

"The first game we came out flat, but then we changed our serving strategy to short shot and it allowed our blockers to step up and make things happen," said coach Tom Teeters, who has won 14 conference titles since coming to SC.

### Lady Crusaders superior

Three players recorded kills in double digits Thursday as Madonna University, ranked No. 16 in the National Association of Intercollegiate Athletics, ran its women's volleyball record to 31-3 with a 15-9, 15-7, 13-15, 15-5 victory over visiting Lake Superior State.

Seniors Kelly McCausland (Redford Union) and Julie Martin (Livonia Stevenson) led the way 18 and 17 kills, respectively. Erin Comment added 11.

Senior setter Meg Paris was the Lady Crusaders' assist leader with 53.

Defensively, three players finished with 12 digs apiece including Karin Sisung, Comment and McCausland. Heather Steinhilper chipped in with 11 digs and three service aces.

### Madonna kickers roll

Ryan Mollien scored twice Thursday, leading Madonna University (12-3 overall) to a 5-1 men's soccer victory at Michigan Christian.

Seamus Rustin, John Hazinski (Redford Thurston) and Christian Emert added goals for the Crusaders.

Emert, Brock Becker and Andy Makins (Plymouth Salem) collected assists for Madonna, which outshot Michigan Christian 9-8.

Goalkeeper David Hart made seven saves.

"We just came out and did what we needed to do," said Madonna coach Pete Alexander, whose team beat Michigan Christian earlier this year, 8-0. "It was not the best game we've played probably, but I think our thoughts were elsewhere."

The Crusaders had a key NAIA region matchup Saturday at No. 5 Tiffin (Ohio). They close out their regular season Tuesday against Aquinas in a match at Livonia Ladywood.

### St. Robert's spikers excel

The St. Robert Bellarmine varsity elite girls volleyball team, coached by Debby Karabees-Betts, finished with a 12-0 record in the Westside division and won the District V Catholic League Organization playoffs, placing them among the top eight in CYO.

Members of St. Robert's squad include captains Desiree Betts, Megan Lantto and Megan Predmesky, along with Angela Mannarino, Lisa Tellish, Lindsay Cecil, Colleen Kummer, Jennie Khalil, Lindsay Reed, Crystal Scott and Libby Carrier.

St. Robert's is the first Westside division squad to go undefeated in seven years.

The team was honored Sunday with a reception in the school's gymnasium.

### Churchill grad coaching

Mark Chester, a 1976 Livonia Churchill High product and Eastern Michigan University graduate, led Needville (Tex.) Junior High to a 5-1-1 record capped by a season-ending 30-6 victory. Needville was the smallest school in its league.

### Coaching vacancies

Walled Lake Western High School has immediate openings for the following coaches: varsity cheerleading (basketball season), varsity girls soccer, assistant girls volleyball and assistant cheerleading (basketball season).

Walled Lake Central High School has an immediate opening for a head girls track coach.

For more information, call David Yarbrough at (810) 960-8373.

### Collegiate notes

Adrian College's football team is off to a 3-3 start (through Oct. 19) as wide receiver Josh Reynolds (Livonia Franklin) has caught 11 passes for 154 yards and three touchdowns. He is averaging 15.4 yards per catch.

The University of Detroit Mercy soccer team is 9-3-3 overall and 3-2-1 in the Midwestern Collegiate Conference (through Oct. 23) as senior forward Dominic Vella (Livonia Churchill) has tallied six goals. He had the game-winner in a 4-1 win over Stetson (Fla.).

## Unbeaten Glenn smothers Western in title test, 24-0

BY BILL PARKER  
STAFF WRITER

Chuck Apap was speechless. Chuck Gordon was stunned.

Neither coach of the two top teams in the Western Lakes Activities Association anticipated the outcome of Friday's football championship.

What many thought would be a close, exciting contest turned into a one-sided rout as visiting Lakes Division champ Westland John Glenn manhandled Western Division champ Walled Lake Western, 24-0.

"You've heard of the movie 'Sleepless in Seattle', well I'm speechless in Walled Lake," said Western coach Chuck Apap. "That's one hell of a football team. No one, not even (Farmington) Harrison when they had their great teams, has ever controlled us like that. We tried everything in our offense and nothing worked."

Game totals emphasize that fact. Led by senior tackle Ira Bargon (one sack, two tackles for a loss) junior linebacker Sean Heard (four tackles for a loss), and sophomore defensive back Nick Hudson (one interception), Glenn's defense held the high-scoring Warriors to one first down and just 27 yards in total offense.

Glenn's defensive front of Bargon, senior tackle Nick Neshiewat, senior nose guard Steve Paling, senior tackle Bryan Schwesing, and senior end Jon Becher, dominated the line-of-scrimmage and shut out a potent offense that entered the contest averaging better than 31 points per game.

"I'm stunned too," said Gordon,

whose second-ranked Class AA Rockets remain unbeaten on the season at 8-0. "We're not bad up front, but to think we could get control of things like we did, I never dreamed it would happen."

"You don't go into a game like this thinking you're going to shut them down. Western has too much talent and too much speed."

While Glenn's defense was busy handcuffing the Warriors, its offense was busy piling up points and dominating the clock.

Junior quarterback Justin Berent had a superb evening, completing 14 of 19 pass attempts for 165 yards and two touchdowns. He also rushed for one touchdown.

After Western lost two yards on its opening possession, Glenn took over at its own 35 and set the tone for the game. The Rockets marched

# Warriors win, keep eye on playoffs

BY NEAL ZIPSER  
STAFF WRITER

Even fumbling the ball eight times Friday couldn't stop Lutheran Westland from claiming its best-ever season.

The visiting Warriors beat Harper Woods Lutheran East for the first time ever with a convincing 24-7 football victory.

Westland improved to 7-1 overall and 6-1 in the Metro Conference. The seven wins marks the most ever in the school's history. The Warriors also broke the school record for most yards in a season.

But even with all the records, the Warriors could find themselves out of the state playoffs. Westland entered the game ranked third in Class C-Region IV, but Harper Woods and Deckerville may leapfrog past the Warriors.

Harper Woods, which defeated the Warriors in the season opener, 16-14, finishes with two Class B teams which, if it wins, will receive bonus points. The Warriors finish their regular season Friday hosting win-

less Lutheran Northwest. Because Northwest hasn't won a game, Westland won't receive bonus points, which will help Deckerville pass Westland.

"All we can do is take care of our own business," Westland coach Scott Wiemer said. "The way it looks, we're going to need some help from other teams. A lot of things can happen."

"Our goal was to make it to the playoffs, but no matter what happens, this has been a great year." Westland stayed in the hunt behind senior Albert Cook.

The tailback rushed 25 times for a career-high 210 yards and three touchdowns. It was the second time this year he has gained more than 200 yards.

Cook also led a swarming defense by recovering a fumble and making a crucial tackle on a fake punt attempt in the third quarter.

Cook got Westland off to a quick start with a 4-yard scoring run on the team's first drive. The two-point conversion attempt failed. The drive was sparked by a 15-yard comple-

tion on fourth down from Luke Horton to Joe Pruchnik.

The Warriors made it 12-0 early in the second quarter on a 39-yard scamper up the middle by Cook.

Cook fumbled to begin the second half but made up for it by stealing the ball from East's Jason Riske. Eight plays later, the Warriors increased their lead to 18-0 when Horton connected from three yards to Kevin Wade on a fourth down play.

The Eagles (4-4 overall, 3-4 in the Metro) countered with their only score of the game on the ensuing possession when Robbie Mixson caught a 16-yard pass from Phil Condon on a fade pattern. The play made it 18-7.

Cook completed the game's scoring with a 5-yard run with 2:25 remaining in the game.

Westland fumbled eight times and lost six of them. The Eagles lost two fumbles and were forced four times to give up the ball on downs. Westland's Wade recovered an East fumble on the first drive of the game.

"We had lost only nine fumbles all

season coming into the game," Wiemer said. "We kept shooting ourselves in the foot tonight."

The Westland defense asserted itself, allowing only five yards rushing to the Eagles and sacking Condon five times. The Eagles did gain 200 yards through the air. Condon completed 14-of-31 passes for 180 yards.

"The offense carried our defense for the first half of the season, but in the last several games, it's been the defense that has stepped up," Wiemer said. "Our defensive backs have improved immensely and we were able to pressure (Condon) and keep him off balance."

Horton completed three-of-four passes for 31 yards, but it was the ground game that propelled the Warriors. Behind Cook, Westland gained a total of 333 yards on the ground.

Ironically, the record-setting victory came against a team coached by Bruce Tuomi, brother of long-time Westland coach Dennis Tuomi, who is an assistant coach for the Eagles. Dennis retired two years ago.

### District rout

Hot trick: Livonia Churchill's Corey Berzac (dark jersey), who had a hot trick, splits a pair of Livonia Franklin defenders in Thursday's 16-9 rout of the host Warriors in a match that was halted because of the 15-minute mercy rule after 40 minutes. Lorenz Preece also tallied three goals in the Chargers' 12-6 victory. Garden City's Darrin Smith tallied two goals in the Mustangs' 10-0 win over the Knights.

# Chargers chew up Franklin, Cougars

BY BRAD EMONS  
STAFF WRITER

Livonia Churchill's bite has already been felt in the state boys soccer tournament.

The Chargers ran their record to 13-6 with a pair of convincing victories last week.

On Saturday, Churchill captured the Class A district at Livonia Franklin with a 3-0 victory over Garden City following a shocking 10-0 semifinal win over the host Patriots which was stopped after 50 minutes due to a mercy rule.

Churchill advances to the regional semifinals against Trenton (16-5), beginning at 7 tonight at Ann Arbor Pioneer.

"Churchill is a darn good team," said GC coach Bill Torni, whose team bowed out at 8-9-2. "They have great ball control. We played them earlier this year in a scrimmage and I can tell they're playing more as a team. They should go far in the state."

The outcome could have been

## BOYS SOCCER

much wider had it not been for the efforts of Cougar goalkeeper Tim Carson. Senior sweeper Stewart Holmes also made two saves as well.

Playing with reckless abandon, Carson, a senior captain made several sparkling saves.

"Carson kept us in it, he just loves contact," said Torni of his All-Mega White Division pick who recorded eight shutouts this year.

Churchill's Mike Slack opened the scoring early in the first half on an assist from George Kithas.

The Chargers then made it 2-0 only 10 seconds before halftime on a Dave George goal from Rob Bartoletti. Ironically, Carson was not in goal for the second Churchill score after going to the bench with injury as a result of a collision.

Corey Berzac, who has had the hot foot of late, added a second-

half goal from Matt Buzewski to cap the scoring.

"Garden City played tough and worked us hard, give them credit," Churchill coach Chad Campau said. "We scored our first two goals on crosses, which is good to see."

"We had a little trouble passing today, but everyone is working hard and working toward a common goal. The guys realize what's at stake and they know it's a brand new season."

Meanwhile, the season ended abruptly Thursday for the host Patriots, who bowed out with an 8-10-2 record.

Berzac and Lorenzo Pivanti each tallied hat tricks.

Other offensive standouts included Buzewski, one goal and two assists; Mike Koivunen, one goal and one assist; Tony Bacca and Kithas, one goal each; and Chip Norton, assist.

Needless to say, Churchill keeper Mike Skolnik has had very little action in his end.

"That's the way we have to come out every game," Campau said. "My JV coach said we were like sharks to the net. I told Dave Hebestreit (Franklin's coach) I don't like to mercy a team, but I didn't want anybody hurt. I just wanted to get out of here."

Hebestreit said his team was "beat up" after a 4-3 opening-round win earlier in the week vs. Wayne Memorial.

"That was like a football game, a hack and whack affair," said the Franklin coach. "You could see it in our guys. They were sick, hurt and we had people suspended."

"We just look forward to next year."

**•REDFORD CC 3, DEARBORN 0:** Tony Mousoulis scored twice, including a penalty kick, as Redford Catholic Central (11-8-2 overall) won the Class A district Saturday by blanking the Pioneers (8-5-5) at Dearborn Edsel Ford.

Andy Kogut added the other CC goal. Goalkeeper Matt Kessler posted the shutout.

CC will face University of Detroit Jesuit in a regional semifinal, 6 p.m. Tuesday at Southgate Anderson.

# C'ville's Fulton gets 240 yards in victory; Pats, Wayne triumph

## FOOTBALL

Donahue Fulton had a career night, rushing for 240 yards on 16 carries as Livonia Clarenceville earned a wild 40-27 Metro Conference football victory Friday at Hamtramck.

Fulton, a 5-foot-11, 164-pound senior tailback, scored four touchdowns on runs of 45, 4, 80 and 3 yards as the Trojans improved to 4-4 overall and 4-4 in the Metro Conference.

Other Clarenceville scores came from Paulo Hernandez on a 20-yard toss to Chris Krolezyk (just before the half for a 26-21 advantage) and Walter Ragland on a 29-yard run.

Hernandez and Ragland each added two-point plays.

Leo Wells led the Cosmos (3-5, 3-4) with 123 yards rushing and three TDs (runs of 5, 38 and 1 yard).

**•FRANKLIN 17, W.L. CENTRAL 7:** Livonia Franklin put Walled Lake Central out of playoff contention in Class A-Region II with a 17-7 football victory over the visiting Vikings.

Junior quarterback Brian Facione tossed a pair of TD passes as the Patriots improved to 5-3 overall.

Central, outgained 306-214 in total offense, falls to 4-4.

Facione hit Paul Terek on an 18-yard TD pass in the opening quarter. Nick Anagnostopoulos added the extra point.

Central tied it later in the period on a 32-yard TD run by Jerade Parks (Bill Kendallian added the PAT).

Franklin took the lead for keeps in the second quarter when Facione, who was 9 of 23 on the day for 118 yards, connected with Steve Ashby on a 29-yard TD pass.

Anagnostopoulos added the point-after and gave Franklin insurance with a 29-yard field goal in the final period.

Franklin rushed for 188 yards as junior Anthony Grech led the way with 136 yards on 20 carries. Terek had five catches for 60 yards.

Nathan Bruce had 83 yards on 10 carries for Central. Adam Bruce was nine of 24 for 67 yards and one interception (by Franklin's Kevin Biga on the game's final play).

**•WAYNE 28, ROMULUS 8:** Wayne Memorial snapped a three-game losing skid Friday with a Mega Conference-Red Division victory over the visiting Eagles.

Senior tailback Dwayne Jackson, who rushed for 114 yards on 25 carries, scored on TD runs of 8 (first quarter) and 4 yards (third quarter).

Lorenzo Guess hit twin brother Lavelle with a 6-yard TD pass with 23 seconds left in the opening period to give Wayne a 12-0 advantage.

Romulus trailed 12-8 at intermission when quarterback Jamal Prince capped an 82-yard, 14-play drive with a 1-yard sneak. He also ran for the two-point.

Lorenzo Guess, who was seven of 14 for 58 yards, scored on a 1-yard TD run in the final quarter to put it away. The Guess brothers then combined on the two-point pass.

Wayne outgained Romulus in total offense, 263-113.

**•N. FARMINGTON 27, CHURCHILL 14:** In a battle of winless teams, somebody had to get a break.

Turned out to be North Farmington, which scored twice in the final 48 seconds Friday night to defeat host Livonia Churchill, which has only one victory in its last 62 games.

Both teams entered the game 0-7 overall.

Churchill appeared on its way to its first victory when quarterback Nathan Jerome ran 4 yards in the fourth quarter, then hit sophomore end Ryan Kearney with a two-yard conversion pass to give the Chargers a 14-13 lead.

Late in the period Jerome hit Matt McCormick for a 60-yard gain to the Raiders' 20 and it appeared even more certain the Chargers were about to snare that elusive first victory.

Junior two-way end Carter Campbell saved what likely would have been a game-clinching touchdown when he hauled McCormick down from behind at the end of his 60-yard gain.

Penalties pushed the Chargers back and Jerome was sacked on North's 37 on fourth down to give the Raiders the ball with less than five minutes to play.

They moved steadily downfield under the guidance of quarterback Brant Relly, who kept the drive alive on a fourth-and-eight play from Churchill's 20 with a nine-yard pass to receiver Josh Hawkins.

Junior back Kirk Moundros burst in from the eight with 48 seconds left to put North Farmington ahead and Mark Kassa ran in the two-point conversion to make the score 20-14.

Linebacker Paul Gaffey then intercepted a pass and returned it 25 yards for a touchdown to bring the score up to 27-14.

Moundros, who ran 28 times and gained 155 yards, had scored on a six-yard run in the third quarter to give the Raiders a 13-6 lead.

Relly had clicked for a four-yard touchdown pass to Campbell in the second period. Brad Rivers kicked the extra point to give North Farmington its 7-6 lead.

Jerome hit junior end Brett Wells with a 13-yard scoring pass to get Churchill off to a 6-0 start in the second quarter.

North Farmington outgained Churchill, 301-276.

# Stevenson blanks Falcons in district, 6-0

BY DAN O'MEARA  
STAFF WRITER

Farmington kept the score close for a half Friday, but it was apparent the Falcons were fighting an uphill battle against mighty Livonia Stevenson.

The No. 5-ranked Spartans added to a 2-0 halftime lead, winning a Class A district championship with a 6-0 victory over Farmington in boys soccer.

Stevenson (14-2-1) dominated the entire game, taking the play to the Falcons and keeping the ball in the opposing end of the field.

"They just seem to be too much for us," Falcons coach Luke Jun-

caj said. "They were more aggressive than us; they won the balls in the air. We had to be a lot more aggressive to stay in this game."

The Spartans, who will play Walled Lake Central at 7 p.m. Tuesday in Brighton, took another step toward a possible rematch with Plymouth Canton.

"I think we're still mad from the Canton game," Stevenson coach Walt Barrett said. "Everybody is an enemy until we see them again and get passed them."

The No. 5-ranked Chiefs, who played for a district title Saturday, won the Western Lakes Activities Association champi-

onship by defeating the Spartans, 3-1.

The teams could meet again at 1 p.m. Saturday to decide the regional championship.

Stevenson was on the scoreboard just 27 seconds into the game with Farmington (6-10-2) as Paul Tokarsky scored the first of two goals with an assist from Thomas Eller.

"Our game plan was not to allow Farmington to get into too much of a defensive game," Barrett said. "When we scored early, we knew they wouldn't be able to just sit back. Tokarsky's goal helped to get the game going."

"The last thing (Farmington) wanted was an end-to-end game. They wanted to keep the game close and try to pull it out at the end."

Stevenson got its second goal at 12:25 when Jason Roy rushed forward to drill home a sideline restart by Scott Babinski.

It was only the second game Roy, a standout sweeper, has played at forward. He scored a goal in each district game and has three for the season.

"I thought we needed a little more leadership in the front

line," Barrett said, regarding his decision to put Roy at forward. "Not necessarily for goal scoring but a positive attitude and direction."

The Falcons managed to keep it close with the goaltending of Scott Morrell and a concentrated defensive effort.

"But they did dominate the first half, too," Juncaj said. "The ball was in or around our box way too much."

With the wind at its back in the second half, Stevenson scored three goals in the first seven minutes for an insurmountable, 5-0 lead.

Ryan Broderick scored off a throw-in by Jim Bullock at 37:53, Tokarsky redirected Scott Babinski's indirect kick at 35:40 and Mark Dietrich found the net after Roy carried the ball through middle at 33:00.

Babinski scored the sixth goal when he converted a penalty kick with 2:39 remaining.

**•INTER CITY 4, HURON VALLEY 0:** Jared Rideour made 14 saves for Westland Huron Valley Lutheran (7-11), but host Allen Park Inter-City Baptist advanced in the state Class D district on Thursday.

**•GAB. RICHARD 9, LUTH. WESTLAND 0:** Riverview Gabriel Richard, the state's No. 2 ranked team in Class C, opened a 4-0 halftime lead Saturday en route to the district championship win Saturday over Lutheran High Westland (12-3 overall).

**•S.F.I.E.L.D. CHRISTIAN 4, CLARENCEVILLE 1:** Also in Class C, Southfield Christian eliminated visiting Livonia Clarenceville (2-10-2) on Wednesday.

On Friday, Grosse Pointe University-Liggett won the title with a 2-1 victory over the host Eagles (12-8-1).

# Spartans dunk foe

Livonia Stevenson wrapped up its dual meet girls swim season Thursday with a 116-70 victory at Westland John Glenn.

The Spartans, ranked No. 2 in Class A, finished 9-1 overall and 4-0 in the Lakes Division of the Western Lakes Activities Association. Stevenson's only dual-meet loss came against No. 1 Ann Arbor Pioneer.

## SWIMMING

Stevenson won 11 of 12 events against the Rockets.

Individual winners included Susan Howle, 200-yard freestyle, 2:12.75; Emily Yambasky, 200 individual medley, 2:41.5; Jordyn Godfroid, 50 freestyle, 25.67 (state meet qualifying cut); Laurel Dolin, diving, 212.30 points (season best); Katie Clark, 100 freestyle, 54.93; Marla McKenzie, 500 freestyle, 5:36.37; Lisa Lupa, 100 backstroke, 1:10.25; and Anne Aristeo, 100 breaststroke, 1:11.87 (state cut).

Aristeo, Yambasky, Lauren Nichols and Brooke Myshock combined for a first in the 200 medley relay (2:05.87).

Stevenson's 200 freestyle relay squad of Julie Kern, Becky Noechel, Meghan Mocerri and Myshock also finished first in 1:48.44.

The Spartans' 400 freestyle relay of McKenzie, Myshock, Adrienne Turri and Amanda Polkowski turned in a 4:07.47 to also garner first.

Anderson took the lone first for Glenn, capturing the 100 butterfly in 1:10.91.

Both teams are off until the WLA meet, which begins with preliminary races Thursday, Nov. 7 at Plymouth Salem. The diving is Friday, Nov. 8 followed by the finals Saturday, Nov. 9.

HIGH SCHOOL GIRLS BASKETBALL

Stevenson whips Glenn for No. 8 seed

Livonia Stevenson took applied a dose of Windex to earn a spot in the Western Lakes Activities Association girls basketball playoffs.

The Spartans cleaned the glass with a total of 59 rebounds en route to a 51-45 win Thursday at Westland John Glenn.

Stevenson is now 7-10 overall. The Spartans are tied at 4-7 in the WLA with North Farmington, but took the eighth seed on a tie-breaker (beating North in a head-to-head matchup).

Stevenson opens the playoffs this Thursday at home against top seed Northville.

Jackie McClowry led Stevenson in the win over Glenn with 15 points, eight rebounds and four steals. Gina Palmeri chipped in with six points and eight rebounds.

Glenn, winless in 16 games

ROUNDUP

and 0-11 in the WLA, got 10 points from freshman Samantha Crews.

CANTON 60, FRANKLIN 26: Three Plymouth Canton players scored in double figures Thursday in a WLA win at Livonia Franklin.

Kristi Florenzi led the way with 16 points. The state-ranked Chiefs (15-2, 10-1) Nkechi Okwumabua and Melissa Marzolf contributed 15 and 12, respectively.

Canton tied Northville for the WLA regular season crown, but will be the second seed in the upcoming playoffs based on its loss in a head-to-head matchup with the Mustangs.

Freshman Tera Morrill had seven for the Patriots, who trailed 32-13 at intermission and 42-19 after three quarters.

Franklin falls to 4-13 overall and 2-9 in the WLA.

HARRISON 66, CHURCHILL 48:

Mahogany Fletcher's 19 points sparked Farmington Hills Harrison (10-6, 7-4) to the WLA victory Thursday over visiting Livonia Churchill (9-13, 1-10).

Amy Roble added 13 for the victorious Hawks, who outscored Churchill 28-12 in the second quarter.

During the second-period surge, Harrison connected on five 3-pointers. The Hawks finished with 10 triples on the night.

Jessie Jenkins, a senior forward, scored a game-high 20 points and yanked down nine rebounds for the Chargers. Stacey Supanich added nine points and 11 rebounds.

MARIAN 60, LADYWOOD 30: Breean Wales scored 16, while Nicole Anejoindu scored 10 of her 14 in the opening quarter Thursday, leading state-ranked Birmingham Marian (12-3, 8-2) to the Catholic League Central Division victory at Livonia Ladywood (2-13, 0-10).

Mary Dankert scored all 10 of her points in the opening half as Ladywood trailed 35-19.

Marian made 16 of 30 free throws.

while Ladywood was just two of four.

LUTH. NORTH 64, CLARENCEVILLE 33: It was no contest Thursday as host Macomb Lutheran North (10-5, 10-1) cruised to the Metro Conference triumph over Livonia Clarenceville (9-13, 2-10).

Kelly Huber and Kristan Wier scored 14 and 10, respectively, for the victorious Mustangs.

Tonya Sines tallied six for the Trojans, who trailed 32-3 at intermission.

Spartans shut down

BY DAN O'MEARA STAFF WRITER

Farmington Harrison's football team added a new spark to its offense Saturday while defeating Livonia Stevenson, 28-0.

Sophomore tailback Matt Reed, playing in his first varsity contest, rushed for a game-high 85 yards on eight carries and scored a touchdown.

The Hawks (7-1) claimed third place in the Western Lakes Activities Association, although the 11-time champions are more accustomed to winning the title, and kept their Class A playoff hopes afloat.

Harrison still must win its final game Saturday at home against Detroit Country Day (4-3) to qualify. Otherwise, Wyandotte will finish ahead of the Hawks with the same record.

The Hawks continued to do the things they have done well against the visiting Spartans (5-3).

Senior quarterback Kevin Bambenek passed for only a fraction of the 255 yards he did in the previous game but was effective.

He completed five (all to sophomore end Ricky Bryant) of 13 passes for 50 yards and a touchdown, and he also ran for a score on a bootleg.

Harrison's defense held Stevenson to 119 total yards, limiting senior tailback Gade Clark to 50 yards on 19 carries. Kurt Bearer added 47 on 12.

Sophomore Ryan VanBelle made his varsity debut at quarterback for Stevenson in place of senior Chris Colley, who is out with mononucleosis. VanBelle completed two of 13 passes for 14 yards.

"As a sophomore up from the JV, stepping in and starting a game against a team this good, he did a real nice job," Stevenson coach Tim

FOOTBALL

Gabel said. "He's certainly not the reason we lost. It would have helped to have Chris, but there's no fault on Ryan's shoulders."

On its first possession, Stevenson drove to the Harrison 10. On fourth-and-1, Mike Allison's touchdown run was nullified by a holding penalty.

"It might (have made a difference), although we came right back; we stopped them and moved the ball," Gabel said. "It was big from the standpoint we didn't get seven points."

The Spartans lost a fumble at their 37 on their next possession. On first down, Harrison senior fullback Nick Shaieb (54 yards on five carries) darted through the line for a touchdown and 7-0 lead after Zack Cornwell's extra-point kick.

"I was just trying to feel for something that would work," Hawks coach Herrington said. "It was a quick trap up the middle; he hit a seam and was gone."

The Spartans also had an 11-play drive stall at the Harrison 31. Reed ran 26 yards on his first varsity carry, and Bambenek took it to the end zone on the next play. The Hawks led 14-0 at halftime.

In the second half, Bambenek passed 9 yards to Bryant for the third touchdown, and Reed ran 15 yards for the fourth and final one.

"More importantly, I think we got worn down," Gabel said. "We didn't come out and make things happen. We weren't blocking well, and we were getting blocked."

"All three of our losses were to teams that are physically bigger than us, and I think they physically wore us out."

Rockets from page C1

65 yards in 13 plays and ran 5:30 off the clock. Berent connected with senior wide receiver David Jarrett (eight receptions for 108 yards) on a 23-yard gain, then capped the drive with a 2-yard touchdown run.

"Our offense was clicking," said Berent. "The offensive line was blocking well, the backs were running well and David's speed really helped. Everyone played hard."

John Glenn made it 14-0 on a 33-yard TD pass from Berent to Jarrett midway through the second quarter. Paling kicked both extra points.

The Rockets pulled ahead 16-0 on Western's next possession when a long snap sailed over the head of punter Pat Gibson and out of the end zone for a two-point safety.

Berent and Jarrett hooked up

on a 27-yard touchdown pass with 5:37 left in the third quarter, then capped the scoring with a two-point conversion pass for a 24-0 lead.

The Rockets ran 60 offensive plays while Western managed just 24, and possessed the ball for 32:40, compared to just 15:20 for Western.

"I've seen film of the other top teams in the state including Sterling Heights Stevenson, and Glenn is the best team in the state," said Apap. "The way they played tonight, nobody will touch them."

The Western Lakes championship was the first for Glenn since 1987.

"It's the best feeling in the world," added Berent. "We've worked so hard to get here. I can't describe it. It's the best feeling in the world."

### New-look Talon digs in for another strong year

By Anne Fracassa  
Avanti NewsFeatures

It's been more than a couple of years since I've driven the Eagle Talon. First introduced in 1990, the Talon was Chrysler's little bitty sports car and sister to the Plymouth Laser and Mitsubishi Eclipse.

Seven years later, they're still all built at Mitsubishi Motors' assembly plant in Normal, Ill. It was re-engineered and restyled just two years ago, but the Talon enjoys even more freshening of its skin and added interior comforts and features for 1997.

This year, the exterior of the Talon has been slightly freshened to make it even more distinctive. There's a new front treatment that makes the front fascia, front fascia grille and new fog lamps look really aggressive. Even the new front emblem is large and stamped in between the headlamps.

The rear is also new and changed are the rear fascia, dimensional rear fascia badging, and a new rear spoiler for the ESI and TSi all-wheel-drive models.

Also new for 1997 are 17-inch VR-rated tires mounted on 17-

inch cast aluminum wheels (on TSi AWD models) new 14-inch wheel covers for the ESI models, availability of "sparkle silver" wheel covers, new bodyside appliques, quarter window, high-gloss black drip rails, new black and tan interior colors and AC outlets.

There's one thing that's certain on this little number: It's a lot of fun to drive. And I drove the ESI with the standard 2.0-liter dual overhead cam sequential multiport electronic inject-

ed in-line four cylinder engine with the 4-speed automatic attached. Horsepower is rated at 140.

The engine performed well, got me going in a hurry and was great in passing on the freeway. It would be really easy to go very fast and get very caught in this pretty sports coupe.

Also available but standard on the TSi and TSi AWD models is a turbocharged 2.0-liter dual overhead cam 16-valve in line four cylinder that gives you even more oomph with 210 horsepower.

Eagle bills the Talon as a 4-passenger vehicle, but it really isn't. If you're anywhere over 5-foot-6, the rear of the front seat will touch the front of the rear seat. That means zero leg room in the rear.

This is really a two-seater with a couple of back seats. I gave up on trying to put a tod-

ler booster seat back there for my 3-year-old.

One thing I do remember about the last drive is that the car was really small on the inside. That's not true anymore. I'm not saying the interior is like an LHS or anything, I'm just saying that the interior is a little more roomy than before.

What I liked most about the Talon is that instrumentation is wrapped around the driver's seat. Everything is tilted and geared toward the driver. Everything is within easy reach, easy to operate and even easier to see.

Instrumentation includes a 150-mile-per-hour analog speedometer, odometer, trip odometer, tachometer, fuel, coolant temperature and on the TSi and TSi AWD models, there's also turbo boost and oil pressure gauges.

And, there are about a hundred — okay, I'm exaggerating

a bit — warning lamps. They include one for the battery, oil pressure, driver's seat belt, door or liftgate ajar, brake fluid, air bag, high beam headlamps, low fuel, low washer fluid, anti-lock brakes, turn signals, parking brake and check engine.

Safety equipment is all there including the driver and passenger air bags, knee bolster, side impact protection, 5 mph bumpers, and 3-point active seat belts both front and rear. Anti-lock brakes and 4-wheel disc brakes are optional.

Providing comfort and wonderful handling characteristics are a multi-link fully independent front and rear suspension and speed sensitive steering. This thing can fly around a corner with the ease of a full-size luxury sedan — but with nimble and quick handling.

Another feature I appreciated was the driver's left foot rest. It was really comfortable during longer drives. What I didn't like was the exterior mirrors. They were manual remote mirrors. It's so hard to adjust that passenger side mirror all by yourself. It's even harder when someone else is helping you. Power is available as an option on ESI and standard on both TSi models.

The base model is really base. It has hardly any extras on it. The ESI is a decent value. But if you really want a really fun sports coupe, bank on getting the TSi or TSi all-wheel-drive. Where there's snow, the all-wheel-drive will get you out of a mess or two. There's better handling on the AWD model as well.

Whatever model you choose, the Eagle Talon will please you.

It's fun, it's fast and it gets your attention.

### Let's Be Thankful

(NAPS) - As the holidays draw closer, we should be thankful for well-built roads, bridges and airports that let us travel to our family and friends with reasonable ease and safety.

But we can't count our blessings forever - America's infrastructure is rapidly decaying from poor maintenance, underfunding and overwork.

• Bad roads are a factor in nearly one of three highway accidents. Traffic delay on aging roads will cost America \$50 billion in lost wages and wasted fuel by the year 2005.

• Nearly one of every five miles of interstates remains in poor or mediocre condition. Repairing the backlog of decaying roads and bridges will cost taxpayers \$290 billion.

• The number of severely congested airports may rise from seven to 17 by the year 2002, which would cause serious delays in your flights in air traffic.

Civil engineers are working hard to find solutions. Concerned citizens should ask their state and federal lawmakers to support bills that seek greater investment in vital infrastructure.

Support efforts to prevent government from raiding the federal highway and airport trust funds. Urge Congress to protect these funds - so that all Americans can have an infrastructure for which we can be truly thankful.
